BOSTON ~ MASS.

D. H. Shoemaker

Fiske Seed Co.'s Pot Grown Strawberry Plants

Pot-grown plants set out this Summer will produce a crop of fruit next June. Our plants will be ready about the first of August and supplied until the middle of October. We would suggest, however planting in August and September for the best results.

Our pot-grown plants are shipped by express with earth about the well developed roots. Plants of this type should establish themselves at once.

Strawberries do best in rich, fairly moist soil, and may be successfully grown in any soil adapted to ordinary garden crops. The ground should be well prepared by ploughing at least 15 inches deep, and properly enriched. Where the Winters are severe it is advisable to cover the plants with a mulch of coarse straw or similar material about 2 inches deep, providing it is free from weed seeds. This should be done immediately after the first freeze. In the Spring, as soon as all danger of cold weather is past, this mulch may be removed from the tops of the plants and placed around them. This will help to check the evaporation of water from the soil, help keep down the weeds and keep the berries clean.

We do not ship pot-grown plants by Parcel Post.

Standard Varieties

\$1.00 per doz., \$6.00 per 100, \$55.00 per 1000. 250 or more plants supplied at the 1000 rate

EARLY

Arabine. An early variety of unusual merit. Berries are exceedingly large, of a bright red color and fine quality. Very productive and a vigorous grower.

Premier. One of the very best of the extra early varieties. It succeeds on almost all sorts of well-drained soils and throughout a large section of the country. Produces in vast quantities berries of good size, attractive appearance and excellent quality.

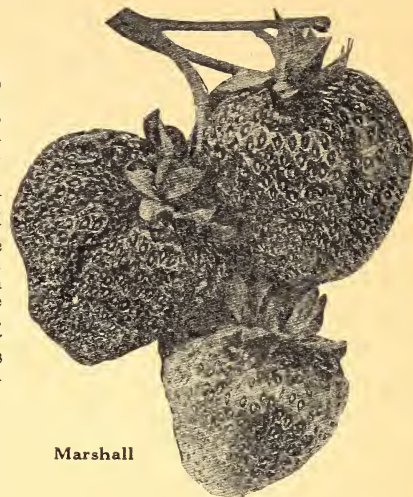

Senator Dunlap. A safe sort to plant anywhere. Rampant runner, should be restricted in its production of plants; succeeds under all circumstances. Fruit good size, regular form, beautiful, bright red, glossy, firm, splendid keeper and shipper, excellent quality, one of the best for canning. Long season.

MIDSEASON

Brandywine. Famous among commercial growers for its quality as a shipper. Color blood red; round; yields very large crops of finest quality berries.

Glen Mary. An excellent berry for quality, large size and productiveness. Usually the last berries picked are as large as the first. The color, which is a deep glossy crimson, is very attractive. The fruit is firm and solid and of excellent flavor; broad, heart-shaped, sometimes widening at the tip.

Golden Gate. This variety is a particularly strong grower and very heavily rooted, bearing large stems and thick foliage. The flower stems are quite erect, producing large, strong blossoms, making an exceptional sort for planting with the pistillate sorts for pollenizing. Fruit is a rich crimson, rarely showing green tips.

Marshall

Howard No. 17. This variety was originated in Massachusetts about twenty years ago. The plants are large and vigorous, deep rooted and able to stand a long drought; very productive and a good plant maker. Fruit is very large, firm and of high quality and has a beautiful, bright glossy red color. Holds its size remarkably well to the last pick. Commences to ripen early, and has a long season.

Marshall. It is the first of the extra large berries to ripen, and although of great size the fruit is rarely ever misshapen. The color is a rich glossy crimson that everyone admires. As to productiveness, it will not yield as large a number of berries as some varieties, but when measured in quarts or bushels, will be above the average. The plant is a strong grower, rooting deeply and standing drought well.

LATE

Commonwealth. A berry of Massachusetts origin and one which has a long fruiting season; it is probably as large as any berry at the present time and fully as productive. Its color is that dark crimson so much admired and unexcelled for its fine flavor and juiciness. Plants are particularly strong in growth.

Gandy. A very late variety yielding tremendous crops of bright red berries. The berries which are borne on long, upright stems, well above the leaves and dirt, are of the best quality. The best paying late berry. It requires a heavy, rich soil.

Fall Bearing Varieties

\$1.00 per doz., \$7.00 per 100, \$60.00 per 1000. 250 plants supplied at the 1000 rate.

Progressive. The Progressive is one of the most perpetual, producing good picking for approximately four months when weather is favorable. Berries of medium size, dark red inside and out. Blossoms are strongly staminate.

Superb. The fruit of this excellent variety is very large; glossy dark red color, particularly firm and choicest quality. The Superb is the largest Fall Strawberry and its glossy color makes it very attractive.

We shall appreciate the names of a few of your friends who are interested in gardening. We wish to have our catalogue in their homes.

General Instructions to Customers

(PLEASE READ CAREFULLY)

WE DELIVER FREE

by Express or Parcel Post (our option) to any Freight Station, Express Office or Post Office in U. S.

VEGETABLE SEEDS and FLOWER SEEDS

quoted in this catalog by the packet, ounce and quarter-pound

PURCHASER PAYS TRANSPORTATION on Bulbs, Trees, Plants, Shrubs, Potatoes, Farm Seeds, Grass Seeds, Fertilizers, Sundries and Poultry Supplies, except where specified

ORDERS SOLICITED. While we are striving for more orders, we realize we cannot expect one from everyone receiving this catalog, but we hope to from a very large percentage. It shall be our aim to fill each order with quality goods and render such service as to merit constant patronage from you and your neighbors.

ORDER EARLY. It will help greatly to have orders placed early when our stocks are complete. There are always items that are scarce and hard to obtain from any source. If your order is sent in late, we may be sold out of just what you wanted most. Should we not receive certain items, we must reserve the right to decline orders for them; so we say **order early**. It will be as well for you and better for us.

USE OUR ORDER SHEET, if possible. An order received on one saves us time and puts that order first in line for prompt despatch. It is desirable that plant orders be separated from other items, as this department often makes separate shipments because of the nature of its goods.

REMEMBER, that even if you cannot call personally at our store that you can **order by mail**, for the mails really make neighbors of us all. Our mail orders are constantly on the increase. Orders, too, can be safely and quickly forwarded by **express**, as all the companies have purchasing departments in their offices. No charge is made for this service other than the regular rates for the return transportation of the goods.

ADDRESS. It is quite necessary to have your name and address **complete and written plainly**, to avoid delay and missent goods.

PARCEL POST. Customers living on R. F. D. routes, and beyond express delivery, will aid us by stating:

"Goods reach us by Parcel Post only,"

to avoid mistakes in sending by express.

DELIVERIES. Our policy is to make all shipments promptly on receipt of order. We aim to pack all our goods to withstand ordinary transportation conditions, that they may arrive in such a way as to be most satisfactory to the purchaser. We guarantee safe delivery to the Post Office, Express or Railroad, but our responsibility ceases when we take a receipt in good order. In case of accident resulting in broken packages, goods being lost or injured, plants, etc., broken, sign for them "damaged," and refuse to accept them until the delivery agent notes the damage. Notify us instantly that we may aid you in realizing on your claim.

CORRESPONDENCE. If it has been our privilege to serve you to your satisfaction, **kindly tell others about Fiske's Seeds**, that they may profit by your experience. If our service has been disappointing, please tell us that we may correct the fault. It is our business to please you, and our constant effort is toward that end. Let us know the names of your friends interested in gardening, that we may mail them our catalog.

PRICES, TERMS, Etc.

The prices quoted in this catalog are net, and not subject to discount. **All prices are subject to change without notice.**

REMITTANCES should be made in the form of Express Money Order, P. O. Money Order, Bank Draft, or Registered Letter.

Customers wishing to open accounts, must furnish satisfactory references, Boston preferred. If such references do not accompany the order, the goods will be forwarded **C.O.D.** to avoid delay.

WE MAKE NO CHARGE FOR PACKING CASES, baskets or barrels. We charge for cloth bags only and these at cost. $\frac{1}{4}$ bus. 15c., $\frac{1}{2}$ bus. 20c., 1 bus. 30c., 2 bus. 55c.

CONDITIONS OF SALE. We give no warranty, express or implied, as to description, quality, productiveness or any other matter of any seeds, plants or bulbs we sell; and we will not be in any way responsible for the crop. All orders taken by our agents or salesmen, including any special terms or conditions pertaining to same, are subject to the approval of our home office. If the purchaser does not accept the goods on these terms, they are to be returned at once.

If you want beautiful blooms from bulbs in your home next Winter you must plant bulbs this Fall!

Winter Blooms There is a certain peculiar charm about flowers inside during the dull, dark and dreary days of Winter, and there is an added pleasure when one grows them himself either for personal enjoyment or perchance for the benefit of shut-ins who cannot partake of the activities of the outside world. Even schoolrooms and offices can share the benefits from forced bulbs.

What to Grow.

In reply to the frequent query as to what to grow for a succession of blooms, we can recommend the following, which, if started as soon as ready in the Fall, can be expected to flower from early January to April. Beginning with Freesias, which must be grown at a temperature not to exceed 50 degrees, one should plant Paperwhites and Grand Soleil d'Or to bloom in January. Crocuses, the splendid early Tulips and Dutch Hyacinths will follow after the beautiful Daffodils, while Darwin Tulips can be had in all their glory for Easter. The handsome Oxalis in hanging pots will have a charm all of their own.

In potting bulbs for indoor blooming, be careful not to plant bulb too deep. The soil should not come within a half-inch of the top of the pot and the top of the Narcissus bulb should be up to the surface; the Tulip, not over an inch below; a Hyacinth or a Crocus not over a half-inch below.

The soil should be light and rich, three parts loam, one part leafmold and one part sand is a good combination; the leafmold serving the purpose of holding the moisture.

A 6-inch pot should not contain more than five Tulips, or two Narcissus, or two Hyacinths, or six Crocuses. An 8-inch pan will hold ten Tulips, or eight Hyacinths, or eight Narcissus, or twelve Crocuses.

If bulbs are planted in pots, provide drainage, coarse and fine soil, as indicated below.

The bulbs having been potted, are placed in the cold and dark for a period of a month and a half to three months, being watered only about every ten days.

It is much simpler, if you have garden space to do it, to dig a trench 1½ feet deep, fill in about 6 inches with ashes, placing the potted bulbs on this layer. Then water well and cover with soil or coal ashes.

Unless the season is unusually dry the bulbs will need no further attention till it is time to bring them in. Remember that ample root development is the important point in forcing bulbs. Till the removal of one of the pots from this trench shows that the roots have developed to such an extent that they can be seen down through the drainage hole, it is not wise to bring them in. At this time the leaves will be developed to the point of spreading apart so that the bud can easily push up and out.

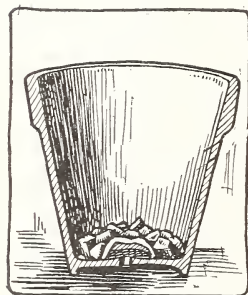

Assuming that the bulbs are well rooted, the next point is to be sure that they are not kept in too warm a temperature, an average of 55 degrees is plenty high enough. At no time, even while the bulb is flowering, should the temperature exceed 60 degrees, if you desire best results. Over three-fourths of the failures in forcing bulbs results from too high a temperature; therefore, beware.

Too much water before rooting and too little water after are the prime causes of failures in raising bulbs. Water plentifully once you have them indoors—remember that the house is dry and warm, that air, light and water are the cheapest things in the world and the most essential to success in indoor bulb culture.

If blooms are being borne on too short flower stems and you know that the root growth is ripe, put an open paper cone about 1 foot high and a couple inches wide at the top, over the top of the bulbs. The stem will draw up in the desire to reach the light. This treatment is particularly applicable to Hyacinths.

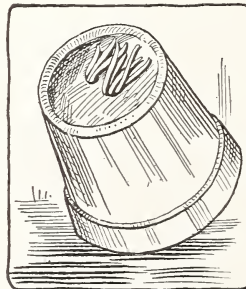

What a pleasure it is to bring a nice pot of Tulips like this into bloom for your friends and you to enjoy!

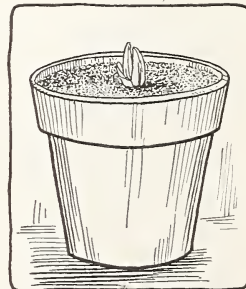

Use a bit of a broken pot arching over the hole and 1 inch of coarse drainage material to prevent washing.

Note coarse soil next to drainage material. Leave ½ inch free space at top for watering.

Force now. Protruding roots signify that the pot is full of good root development.

The opening of the outer leaves say also that it is time to bring the pot into heat to force.

DUTCH BULBS are well known the whole world over. They brighten the homes of many countries during the dreary Winter months and herald the coming Spring with their gay colors and sweet perfumes. The success of the Dutch growers, and their unflinching ambition to produce only the best, has made it possible for millions of people to enjoy in their homes, conservatories, and gardens, the luxurious beauty of such flowers.

Our contracts with our special growers specifically stipulate that our orders shall be filled with the best quality and size produced. Our bulbs will compare favorably with any that are offered, and our prices, quality considered, are reasonable. The results our many customers have obtained is their best recommendation.

While we annually import large quantities of bulbs, we cannot accurately gauge the demand, so frequently we are quickly sold out of some varieties. It is quite impossible to buy **Fiske's Quality Bulbs** in the open market in this country, so we urge early ordering to avoid possible disappointment. Many we know come to us too late for bulbs, after early sales have depleted our stocks, only to find the very thing they most wanted sold. Or again, those less familiar with gardening, beseech us for bulbs when their flowers are about to burst forth in the Spring, not realizing that planting should be done in the Fall, so as to allow an ample growth of roots.

POPULAR GIANT DARWIN TULIPS

(MAY FLOWERING)

The Darwins have outclassed all their predecessors in type, style and beauty, and are the most majestic of the Tulip family. They attain a height of 2 to 3 feet, with strong, heavy foliage, erect and robust stems, terminating in large and massive flowers. The colors of the Darwin embrace all the shades of white, pink, lilac, rose, scarlet, crimson, violet, purple and the so-called "Black Tulip," and most of the flowers show a particularly satiny effect. Darwins do not appear in any shade of yellow so the single Cottage class must supply this color. Being of similar habit of growth and bloom some excellent combinations may be worked out. Darwin Tulips are the finest among shrubby and perennials, and if planted 6 to 8 inches deep and left undisturbed, will flower for many seasons. They are supreme among Tulips for cutting.

CULTURE.—The same general instructions should be followed as for Hyacinths. Any good garden soil will do and anyone can have these handsome flowers to perfection in his own yard. Plant, however, about 5 inches deep (slightly deeper in light soil than in heavy loam), and from 4 to 6 inches apart, allowing perhaps a few inches more distance for the Darwin and May flowering kinds outside. The bulbs are perfectly hardy so only slight protection will be required. Have the beds well drained so as to prevent water standing on them over Winter. The bulbs can be dug each year if it is desired, although they may be left in the ground for two years with fair success and shallow-rooted plants set over them provided cultivation is not so deep as to injure the bulbs. The early flowering sorts will be through blooming before the Summer flowering bedding plants can safely be set. If dug, wait until about the first of July, when the leaves have died down naturally. Store in a cool, dry place where they remain undisturbed until wanted for Fall planting.

FERTILIZER.—On no account use fresh manure in the soil. Have it well composted if potting for inside use. The best fertilizer is pure bonemeal which can be used at the rate of about two ounces per square yard. Mix it thoroughly.

FORCING.—A great many varieties will force to good advantage and may be had in bloom during March. Pot the bulbs as soon as received, following the same general instructions as for Hyacinths, see page 11. When well rooted bring to the light and keep them in a temperature of 55 degrees F. Allow them to grow slowly. This will give stronger stems and larger flowers.

Note.—All our Tulips are top roots, the best blooming size.

Mailed free at the dozen price, otherwise add postage at zone rates (see page 1). Weight, 8 lbs. per 100. We supply single bulbs of a variety at one-tenth of the dozen rate, 6 of a variety at the dozen rate, 25 at the 100 rate, 250 at the 1000 rate.

Fiske's Special Mixture of Darwins

High-grade in every respect, all named sorts and a well-blended collection of varieties, making the best mixture possible to offer. These we can thoroughly recommend to our customers desiring a choice and beautiful assortment of mixed colors. **Doz. 75c., 100 \$5.00, 1000 \$45.00.**

Selected Darwin Mixture

This mixture is carefully selected by one of the largest growers of Darwin Tulips in Holland and is specially assorted, with a great variety of pleasing colors and shades. **Doz. 60c., 100 \$4.00, 1000 \$37.00.**

COLLECTIONS

All are desirable varieties that we can recommend highly to the most critical buyer.

100 bulbs in 10 named varieties of Darwin Tulips, our selection (not less than 100 sold), \$5.50 postpaid.

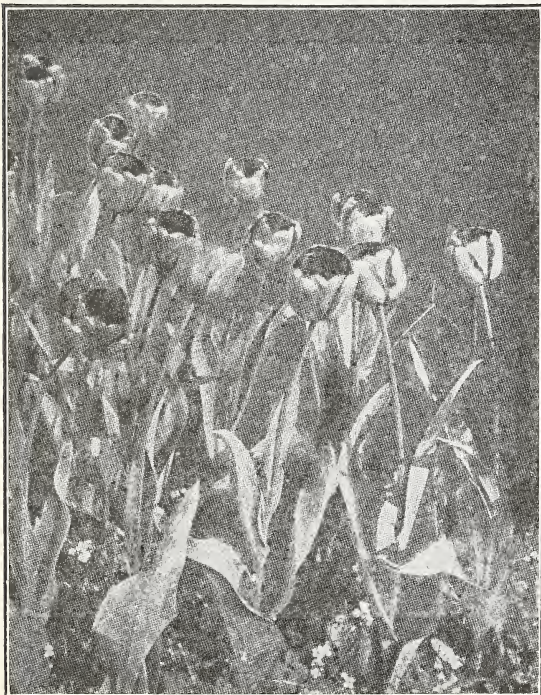

500 bulbs in 10 named varieties of Darwin Tulips, our selection (not less than 500 sold), \$26.00 postpaid.

See also pages 6 and 8.

Pure Ground Bone (Bonemeal)

We enjoy a large and growing trade on this, the safest fertilizer to mix with the soil when planting bulbs. Good also for potted house plants. Safe and sure.

5 lbs. 40c. (mailing wt. 6 lbs.), 25 lbs. \$1.25, 50 lbs. \$2.00, 100 lbs. \$3.50.

Plant Darwin Tulips freely and as their gigantic up-like blooms move gracefully in the Spring breezes enjoy the splendor of their marvelous colorings, inside and out

Select Named Varieties of Darwin Tulips

Varieties marked (*) best for forcing. Numbers in brackets () indicate the usual height.

Afterglow (26). New. An exceptionally fine flower of a dark copper red with orange.

Each 25c., doz. \$2.50, 100 \$20.00

***Baron de la Tonnaye** (26). A beautiful rose color, shaded blush. Flowers perfectly upright.

Doz. 75c., 100 \$5.00, 1000 \$47.50.

***Bartigon**. (26). Fiery crimson, white center; a strong grower and excellent for forcing. Enormous.

Each 15c., doz. \$1.25, 100 \$7.75, 1000 \$75.00.

Bleu Aimable (24). Bright violet with distinct steel-blue shading. Inside dark violet-purple with blue base, starred white.

Doz. 75c., 100 \$5.00, 1000 \$47.50.

***Centenaire** (32). Rich violet-rose, with a large blue center; immense flower of perfect form; magnificent for the border.

Doz. \$1.00, 100 \$7.00, 1000 \$68.00.

***Clara Butt** (22). Globular flower; salmon-colored, with rose base and external flushing of pink. A choice Tulip.

Doz. 75c., 100 \$5.00, 1000 \$47.50.

Edmee (26). A beautiful shade of cherry-rose, silvery pink edge.

Doz. \$1.00, 100 \$7.00, 1000 \$68.00.

Europe (22). Glowing salmon scarlet, shaded rose. Medium flower.

Doz. 80c., 100 \$5.50, 1000 \$52.50.

***Farncombe Sanders**. (26). Massive, fiery rose scarlet, inside cerise with white center marked blue. One of the largest and most beautiful of the Darwins.

Doz. \$1.00, 100 \$6.50, 1000 \$62.50.

Faust (29). Deep purple black, blue base; monstrous flower. Splendid.

Doz. \$1.00, 100 \$7.00, 1000 \$68.00.

***Glow** (22). Dazzling vermillion scarlet, white center, blue markings.

Doz. \$1.00, 100 \$7.00, 1000 \$68.00.

***Gretchen** (24). Beautiful globular flower; silvery pale rose, flushed white, inside soft pink with white center marked blue.

Doz. 75c., 100 \$4.50, 1000 \$42.50.

Jubilee (29). Blue-purple, with a white base, marked blue; a flower of large size and heavy substance.

Each 20c., doz. \$2.00, 100 \$16.00, 1000 \$150.00.

King George V (25). Glowing salmon-scarlet, shaded bright rose; inside brilliant orange-scarlet with blue base. A flower of intense color for outdoors.

Each 60c., doz. \$6.00, 100 \$46.00.

***King Harold** (24). Glowing ruby crimson; enormous flowers on very tall stems; center rich black. One of the very finest in existence.

Doz. \$1.00, 100 \$6.50, 1000 \$62.50.

***Le Notre** (24). Beautiful clear pink, highly recommended for early forcing. This variety may be forced into flower ahead of any other pink Darwin Tulips.

Each 15c., doz. \$1.25, 100 \$9.00, 1000 \$85.00.

La Tristesse (26). Deep rose, shading to old-rose and delicate pink at the edges, with blue base. A splendid variety of large size, and very effective when planted with mauve and dark lavender sorts.

Doz. \$1.00, 100 \$6.50, 1000 \$62.50.

La Tulipe Noire (25). The darkest Tulip known; shape a perfect cup, of intense black maroon. Surface lustrous.

Doz. \$1.00, 100 \$7.00, 1000 \$68.00.

Marconi (27). Deep purple when the flower first opens, gradually changing to ashy purple as the flower ages; pure white base.

Doz. 80c., 100 \$5.50, 1000 \$52.50.

***Matchless** (26). Old rose. Very fine for forcing, extra strong stem. Flower keeps a long time in water when cut.

Each 15c., doz. \$1.75, 100 \$12.00.

Mme. Krelage (28). Soft rosy pink, with paler margins; inside soft rose-pink; very tall and shapely; thrives well and increases fast.

Doz. 80c., 100 \$5.50, 1000 \$52.50.

Mrs. Potter Palmer (28). Bright purplish-violet, base white; a large flower. Very attractive for border planting.

Doz. 80c., 100 \$5.50, 1000 \$52.50.

***Philippe de Comines** (24). Velvety dark purple. The strong stems hold the flowers erect. It is one of the earliest and best forcing varieties.

Doz. 80c., 100 \$5.50, 1000 \$52.50.

***Pride of Haarlem** (32). Tall; bright rose, suffused with purple; richer externally and with scarlet flushing near the rib; center blue.

Doz. 75c., 100 \$5.00, 1000 \$47.50.

***Rev. Ewbank** (24). Heliotrope lilac, with paler edge; fine forcer.

Doz. 75c., 100 \$5.00, 1000 \$47.50.

The long, strong stems and beautifully shaped flowers that are peculiar to Darwins add to their grace as cut flowers

***Princess Elizabeth** (26). Beautiful clear deep pink, changing with age to rose-pink, white base. Large flower of perfect shape, quite like a Rose when first open.

Each 15c., doz. \$1.25, 100 \$9.00, 1000 \$85.00.

Psyche (26). Rich rosy-pink, inside silvery rose with pale blue base, beautiful shade. An excellent variety for cutting.

Doz. 75c., 100 \$5.00, 1000 \$47.50.

Ronald Gunn (28). Bright shade of violet, edged pale lavender, with conspicuous white base. Like most varieties of this shade, even more exquisite when grown in pots.

Doz. \$1.00, 100 \$6.50, 1000 \$62.50.

Scarlet Beauty (24). Thick petals of pure glowing scarlet without any markings on the outside. Very effective when shown with or against the electric light. Without any question the most perfect Scarlet Darwin in cultivation.

Doz. \$1.00, 100 \$7.00, 1000 \$68.00.

The Bishop (36). The "King of Darwins" with enormous flowers of a clear violet. Extra fine stems. Should be in every collection.

Each 30c., doz. \$3.30, 100 \$25.00.

Valentine (26). Clear blue-violet. Largest of all Darwins. Highly recommended for bedding.

Doz. \$1.00, 100 \$6.50, 1000 \$62.50.

White Queen (24). Lovely soft white, slightly tinged blush. The best white Darwin.

Doz. 75c., 100 \$5.00, 1000 \$47.50.

***William Copland** (26). The best forcing Darwin; may be flowered in February. When forced it is a delicate lavender, but outside it shows a rosy lilac.

Doz. 1.00, 100 \$7.00, 1000 \$68.00.

William Pitt (24). Very dark crimson, with purplish bloom on the outer petals. Of great size and beauty.

Each 15c., doz. \$1.25, 100 \$9.00, 1000 \$85.00.

Single Cottage, or May-Flowering Tulips

These lovely late-flowering Tulips are very effective for all kinds of decorative work and their value as cut flowers cannot be overestimated. As the Darwins do not appear in any shade of yellow it is to this class that we must look, and there are some truly wonderful shades to be had. They are all perfectly hardy, and are eminently fitted for border cultivation for bedding, forcing and every purpose to which the Darwin Tulip is put. They often grow from 2 to 3 feet high and flower usually about Memorial Day, lasting fully two weeks in bloom. We can fully recommend the varieties listed below.

Mailed free at the dozen price, otherwise add postage at zone rates (see page 1). Weight, 8 lbs. per 100. We supply single bulbs at one-tenth of the dozen price, 6 bulbs of a variety at the dozen rate, 25 at the 100 rate, 250 at the 1000 rate.

Bouton d'Or. Stately, cup-shaped flowers of a bright golden yellow. A grand Tulip for massing for long distance effect. Doz. 70c., 100 \$4.75, 1000 \$45.00

Fairy Queen. Rosy heliotrope, broadly margined yellow, flowers of enormous size that last a long time. Doz. 70c., 100 \$4.75, 1000 \$45.00.

Gesneriana major. Large crimson scarlet, with glittering blue-black center. Wonderfully effective for bedding and for Memorial Day cutting. Height 20 in. Doz. 70c., 100 \$4.75, 1000 \$45.00.

Gesneriana lutea. One of the best golden yellows, with large, perfect-shaped flowers borne on long stems. Doz. 70c., 100 \$4.75, 1000 \$45.00.

Inglescombe Pink. An extra large flower of a very pleasing salmon-rose shade. Very handsome. Doz. 70c., 100 \$4.75, 1000 \$45.00.

Inglescombe Scarlet. A splendid large flower of brilliant scarlet, with black base. Doz. 75c., 100 \$5.00, 1000 \$47.50.

Inglescombe Yellow. Sometimes called the Yellow Darwin. Very tall and striking; deep cup-shape; pale canary-yellow. 2 ft. Doz. 75c., 100 \$5.00, 1000 \$47.50.

Cottage Tulips are distinguished from Darwins by their distinct, sharply defined colors, and the pointed petals of most varieties

John Ruskin. Its color, pink, bordered golden, reminds one of the setting sun in its most beautiful colors. Doz. \$1.00, 100 \$7.00, 1000 \$68.00.

La Mervelle. Rich coral color with a yellow center, pitcher-shaped, sweet scented and very beautiful. Height 24 in. Doz. 70c., 100 \$4.75, 1000 \$45.00.

La Reve (Sarah Bernhardt). Immense, globe-shaped flowers of a rosy-buff tone, with yellow base; very handsome. Each 15c., doz. \$1.25, 100 \$9.00, 1000 \$85.00.

Moonlight. Long oval-shaped soft yellow flower, on strong stem. Doz. 80c., 100 \$6.00, 1000 \$57.50.

Mrs. Moon. Giant late Tulip; flowers rich yellow, of elegant form, tapering and reflexing. One of the finest in cultivation. Each 15c., doz. \$1.25, 100 \$9.00, 1000 \$85.00.

Picotee. An elegantly recurving pure white, changing in a few days to a pink edge, gradually becoming suffused with rose. Doz. 75c., 100 \$5.00, 1000 \$47.50.

The Fawn. Strong growing plant, with goblet-shaped flowers, colored fawn with apricot external shading; of a large size and boldly erect habit. An unusual coloring. Doz. 80c., 100 \$6.00, 1000 \$57.50.

Union Jack. Light violet, feathered purple, with a few markings of white. Blue base, large flower. A very striking variety. Height 20 in. Doz. \$1.00, 100 \$7.00, 1000 \$68.00.

Vitellina. Large, pale primrose. Doz. 80c., 100 \$6.00, 1000 \$57.50.

SPLENDID MIXED COTTAGE TULIPS

Our own mixture of all colors from the named varieties. Doz. 70c., 100 \$5.00, 1000 \$45.00.

Parrot, or Dragon Tulips

A species of Late, or May-flowering Tulips, with large flowers of many brilliantly striking colors and markings, and the edges of the petals curiously cut and fringed, making an odd but attractive appearance. The Parrot Tulips we import are from a grower who specializes in this particular type. Especially attractive in a rock garden.

Plant about 3 inches deep in light soils, and always in a sunny location.

Doz. 65c., 100 \$4.50, 1000 \$42.50.

Admiral of Constantinople. Dark red, shaded and tipped orange.

Cafe Brun. Deep yellow, striped and feathered reddish brown.

Feu Brillant. Rich blood crimson, with bluish-black markings.

Lutea major. Yellow, striped crimson and green.

Markgraaf. Golden inside, feathered brilliant scarlet-purple and green outside.

Perfecta. Yellow, blotched scarlet and green.

EXTRA CHOICE MIXTURE

Doz. 60c., 100 \$4.00, 1000 \$37.50.

"Milady's House Plants," Palmer

Written by a practical gardener in simple language on a very popular subject. Devotes 12 pages to bulbs for the home with teaching illustrations. Paper 85c., cloth \$1.10 postpaid.

Giant Breeder Tulips

Mailed free at the each and dozen price, otherwise add postage at zone rates (see page 1). Weight, 8 lbs. per 100. We supply single bulbs at one-tenth of the dozen price, 6 of a variety at the dozen rate, 25 at the 100 rate.

It is difficult to describe the marvelous colorings to be found in these lovely May flowering Tulips that only recently have become appreciated by flower lovers in America. No black and white illustration we might print can do it. They have such a blending of colors rising from the yellow base of each that one must see them in half shade to fully appreciate the exquisite beauty of the hazy bronze, buff, fawn and brown tints that are so characteristic. Whites and yellows are entirely lacking, but the bronze tones are not to be found in any other class of late flowering Tulips.

Giant Breeders rival the Darwins in size and are equally as fine for cut flowers. Many are sweet scented. They are so distinct as to be a worthy acquisition for any garden where they will be conspicuous and prove strong favorites.

Botanical Tulips

These species are remarkable for their great range of coloring, diversity of size shape and markings.

Clusiana. The "Little Lady" Tulip. A lovely variety from Asia Minor. Grows about 8 in. high, flowers as large as a Crocus. Outer petals cherry-red, inner petals white with violet base. Should be planted 8 to 9 in. deep in light soils.

Doz. 85c., 100 \$5.75.

Kaufmanniana. A glorious species, and the first of all Tulips to flower; flowers large, cone-shaped, colored a soft shade of creamy white, flushed with deep orange in the center and colored externally with red.

Each 15c., doz. \$1.75, 100 \$12.50.

Retroflexa. Gracefully recurved light yellow petals, giving it the appearance of a Lily. A very handsome Tulip.

Each 10c., doz. 75c., 100 \$5.00.

Sirene (Lily-flowering). A new, beautiful, very attractive and decorative Tulip, resulting from a cross between the Darwins and Tulip Retroflexa. The flowers have the grace and shape of a Lily, as the name indicates. A brilliant satin rose. Forces well.

Each 15c., doz. \$1.25, 100 \$9.00.

NOTE: All our Tulips are top roots—the best blooming size

Rembrandt Tulips present a distinctly novel decorative appearance. They must be seen to be fully appreciated

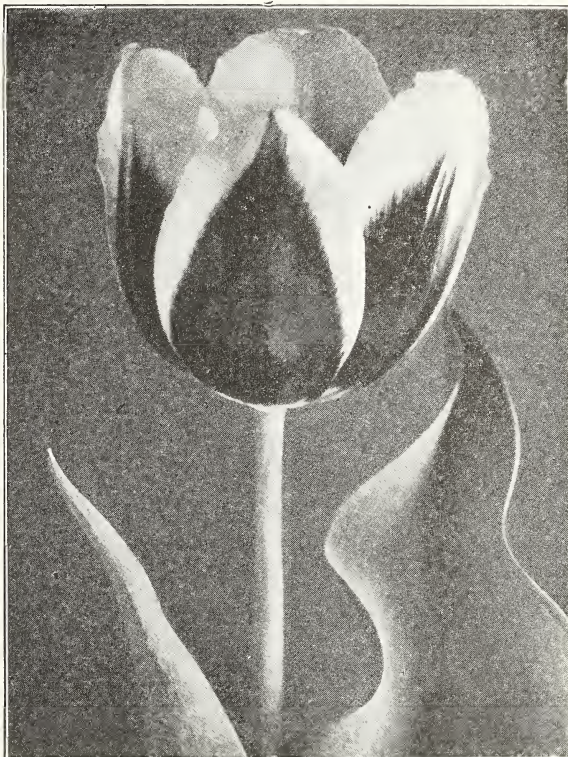

Superb Single Early Tulips

The first Tulips to bloom are the Single Early sorts, which are best adapted to formal beds, where they are usually planted in separate varieties, one kind to each, or in color combinations of which there are so many. If planted closely together, the beds will appear as a solid mass of color, which will be very pleasing, provided sorts have been used that grow about the same height and bloom at the same time. As an aid to the selection of varieties we have designated by the letters d, m, t, those which grow dwarf, medium and tall, respectively. This class is the easiest to force, and will make as nice pot plants as one can wish for.

Mailed free at the dozen price, otherwise add postage at zone rates (see page 1). Weight, 8 lbs. per 100. We supply single bulbs at one-tenth of the dozen price, 6 bulbs of a variety at the dozen rate, 25 at the 100 rate, and 250 at the 1000 rate.

Choicest Named Varieties

- m* **Augusta.** A splendid novelty of great merit. An improvement on the old Rose Grisdelin, very much larger in size. Bright deep rose. Highly recommended for forcing or bedding.
Doz. 80c., 100 \$5.50, 1000 \$52.50.
- m* **Artus.** Rich, bright scarlet; a good bedding sort.
Doz. 75c., 100 \$5.00, 1000 \$47.50.
- m* **Chrysolara.** Large, pure golden yellow; fine for forcing.
Doz. \$1.00, 100 \$7.00, 1000 \$67.50.
- d* **Cottage Maid.** Beautiful rosy pink, shading to creamy-white; early.
Doz. 90c., 100 \$6.75, 1000 \$65.00.
- t* **Crimson Brilliant.** Splendid early crimson.
Doz. 80c., 100 \$5.50, 1000 \$52.50.
- t* **Cullinan.** Creamy white; edge very pale rose. A large flower, in color between La Reine and Flamingo; fine for forcing.
Doz. \$1.10, 100 \$8.00, 1000 \$77.50.
- t* **Fred Moore.** Bright orange shaded scarlet. A very fine Tulip for forcing or bedding. Sweet-scented. Height 20 in..
Doz. 80c., 100 \$5.50, 1000 \$52.50.
- t* **General de Wet.** An extra fine variety, bearing enormous yellow flowers flushed with orange.
Each 25c., doz. \$2.50, 100 \$20.00.
- m* **Golden Queen.** Beautiful golden yellow, fine bold flower.
Doz. 85c., 100 \$6.00, 1000 \$57.50.
- t* **Keizerskroon.** Crimson scarlet; edged yellow; one of the finest tall varieties for bedding or excellent for forcing.
Doz. \$1.25, 100 \$9.00, 1000 \$87.50.
- m* **La Reine Maxima** (Rose Hawk). An improvement of the well-known La Reine. White faintly flushed pale rose, the color deepening with age. A splendid forcer.
Doz. 80c., 100 \$5.50, 1000 \$52.50.
- m* **Mon Tresor.** Intense golden yellow; early forcing.
Doz. \$1.00, 100 \$7.00, 1000 \$67.50.
- m* **Pink Beauty.** A lovely Tulip; deep rose, with snowy-white flush in outer petals, center white and yellow.
Doz. \$1.50, 100 \$10.00, 1000 \$97.50.
- m* **President Lincoln** (Queen of Violets). Purplish mauve, white base.
Doz. 85c., 100 \$6.00, 1000 \$57.50.
- t* **Prince of Austria.** Scarlet, suffused orange, yellow center. Sweet-scented. Splendid forcer.
Doz. 85c., 100 \$6.00, 1000 \$57.50.
- m* **Proserpine.** Deep rosy pink; a magnificent Tulip for forcing or bedding.
Doz. \$1.25, 100 \$9.00, 1000 \$87.50.
- m* **Prosperity.** Excellent rose-pink, splendid forcer.
Doz. 75c., 100 \$5.00, 1000 \$47.50.
- m* **Queen of the Pinks** (Princess Wilhelmina). Deep rose with striking white flush on outer petals.
Doz. \$1.00, 100 \$7.00, 1000 \$67.50.
- t* **Rising Sun.** The finest deep golden yellow, very large, on tall stem.
Doz. \$1.20, 100 \$8.00, 1000 \$77.50.
- m* **Rose Luisante.** Deep, silky rose; the best rose-colored Tulip.
Doz. \$1.00, 100 \$7.00, 1000 \$67.50.
- m* **Vermilion Brilliant.** Dazzling vermilion; one of the best for forcing or bedding.
Doz. \$1.00, 100 \$7.00, 1000 \$67.50.
- m* **White Hawk.** Pure white; large flower; stiff stem.
Doz. 75c., 100 \$5.00, 1000 \$47.50.
- d* **Yellow Prince.** Bright yellow; sweet scented. The leader for forcing.
Doz. \$1.00, 100 \$6.75, 1000 \$65.

A bed of these Keizerskroon Tulips is very brilliant in the early Spring

Fiske's Prize Mixture of Single Early Tulips

The best mixture we have been able to blend during our long experience. It contains all of the most desired, brilliant, striking and fancy colors, together with those of peculiar shading and markings, comprising our best named varieties, as well as a great many sorts which we do not list. They all attain approximately the same height and flower within a few days of each other. First size bulbs are the only ones used in this mixture; no inferior grade. The satisfaction which this mixture has given to so many of our customers in past seasons thoroughly recommends it to all who have not tried them.

Doz. 75c., 100 \$5.00, 1000 \$45.00.

Choice Selected Mixture

This is a combination of well-known and standard varieties which have always proven satisfactory, but does not include the new and high-priced sorts. These bulbs are all first size, blooming as near together as possible.

Doz. 50c., 100 \$3.75, 1000 \$35.00.

Superb Double Early Tulips

Double Tulips are very desirable for bedding. Having a blooming season between the Single Earlys and the Darwins, one can have a succession of blooms in one bed by interspersing them with the two types. The stems are short and stocky and the mammoth Peony-like flowers hold their petals for an unusually long time. They are used very extensively for forcing and are most attractive, though usually not so brilliant as the single sorts. They can be forced as early as the singles but it is a mistake to try to force them too early. The flowers are so heavy that it takes time to develop good strong stems to support them properly.

Varieties marked with an asterisk (*) are suitable for forcing.

Mailed free at the dozen price, otherwise add postage at zone rates (see page 1). Weight, 8 lbs. per 100. We supply single bulbs at one-tenth of the dozen price, 6 of a variety at the dozen rate, 25 at the 100 rate, 250 at the 1000 rate.

***Boule de Neige.** Beautiful, large, full flower of glistening white; greatly resembling a peony in form. Excellent for bedding or forcing.

Doz. 85c., 100 \$6.25, 1000 \$60.00

***Crown of Gold.** Pure yellow.

Doz. 85c., 100 \$6.00, 1000 \$57.50.

Electra. A double violet Murillo, a remarkably fine flower. Deep violet, shaded light violet.

Doz. \$1.25, 100 \$9.00, 1000 \$87.50.

***Imperator Rubrorum.** Rich, glowing scarlet.

Doz. \$1.10, 100 \$8.00, 1000 \$75.00.

Lord Beaconsfield. Deep satiny rose; very double; immense flower.

Doz. 75c., 100 \$5.00, 1000 \$47.50.

***Murillo.** Superb blush pink shaded white; a most popular forcer.

Doz. 80c., 100 \$5.25, 1000 \$50.00.

***Peach Blossom.** Bright rose-pink, flushed white, deepening with age to carmine-rose. Large. A sport of Murillo. Excellent for pots.

Doz. \$1.35, 100 \$10.00.

Rose d'Amour. Medium size and an exquisite blush pink, shading with age to deepest rose pink.

Doz. 85c., 100 \$6.50, 1000 \$62.50.

Rubra Maxima. Large, deep crimson.

Doz. 80c., 100 \$5.50, 1000 \$52.50.

***Salvator Rosa.** Splendid deep rose, flamed white.

Doz. 80c., 100 \$5.50, 1000 \$52.50.

***Schoonoord.** The White Murillo, without doubt the finest double white sort.

Doz. 85c., 100 \$6.00, 1000 \$57.50.

***Tea Rose (Saffrano).** Pale yellow, flushed salmon; a very distinct shade.

Doz. 85c., 100 \$6.00, 1000 \$57.50.

***Van Der Hoef.** A beautiful pure yellow sport of the variety Murillo. A very fine new variety for forcing.

Doz. \$1.25, 100 \$9.00, 1000 \$87.50.

Vuurbaak. Fiery scarlet, tinged orange when open; large flower, very showy.

Doz. \$1.15, 100 \$8.25, 1000 \$80.00.

Fiske's Prize Mixture of Double Early Sorts

For this mixture we have endeavored to maintain the same high standard as in the Single varieties, including as many sorts as possible in order to produce a well-blended effect when in flower.

Doz. 75c., 100 \$5.00, 1000 \$45.00.

Showy Spring Tulips

Are you familiar with the various beautiful types, or are all of them just "Tulips" to you?

Get Acquainted Collections

In the following collections we offer a few of the finest of each type to enable you to become better acquainted with them.

COLLECTION "A": 4 bulbs each (our selection of named varieties) of Breeders, Cottage (May-flowering Singles), Darwins, Parrots and Rembrandts; 20 bulbs in all.

\$1.50 postpaid.

COLLECTION "B": Double the above quantity; 40 bulbs in all.

\$2.75 postpaid.

COLLECTION "C": 6 bulbs each (type to be named, but without variety names) of Breeders, Cottage (May-flowering Singles), Darwins, Parrots and Rembrandts; 30 bulbs in all.

\$1.75 postpaid.

COLOR COMBINATIONS

We shall be glad to lend assistance if requested, to any who may wish to use color schemes in planting.

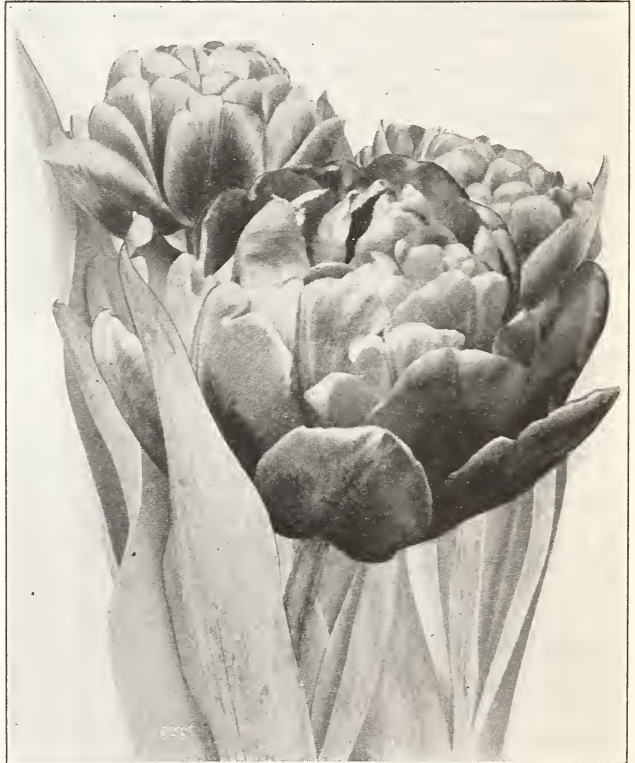

Special Offer 8

RED AND YELLOW COMBINATION

100 Single Early Tulips

100 bulbs of **Artus** (red) and **Chrysolora** (yellow) for \$6.00 postpaid.

Please specify how many of each is required.

Double Tulips have handsome Peony-like flowers that are very showy and lasting

Magnificent Giant Trumpet Daffodils

NARCISSI

All of the many types of Narcissi, except the bunch-flowered or Polyanthus varieties, are perfectly hardy with us and thrive under varied conditions in common garden soil be it wet or dry, in sun or in partial shade. If planted where they can be left undisturbed they will multiply and increase in loveliness for years. All of the many types lend themselves admirably to naturalizing and we can heartily recommend them for planting in clumps throughout woodland and meadow for they will repay their cost the first year in joy and cheer.

A very unusual condition exists this year because of the embargo placed on imported Narcissi by the Federal Horticultural Board. No foreign grown bulbs are available and domestic bulbs are not plentiful, yet we have made such reservations as will give us the very best that can be offered by the trade, both in varieties and grades.

The word "Jonquil" refers, properly, only to the miniature flowered sorts, and if our customers will bear this in mind when ordering many common mistakes in our filling of orders will be avoided, for it often happens that we receive orders for "Jonquils" when the customer refers to something radically different.

Outside Culture. Consult our planting table on page 12, bearing in mind that the larger bulbs can safely be set a little deeper and a trifle farther apart than the others. Otherwise the directions given for Hyacinths and Tulips are to be followed. Planting may begin any time after October 1st, and continue successfully so long as the ground may be worked.

Culture in Pots. Treat Narcissi as for Hyacinths (see page 11), but keep them in the dark until the foliage is about 6 inches high, when they may be brought to the light to flower.

Mailed free at the each and dozen prices, otherwise add postage at Zone rates (see page 1). Weight, 15 lbs. per 100

We supply 6 at the dozen rate, 25 at the 100 rate, and 250 at the 1000 rate.

Giant Trumpet Varieties

This class has the large, long trumpets that are so strikingly handsome. The flowers are the largest of the whole family. The monster bulbs are the largest obtainable and usually throw three blooms to each, while the double-nosed bulbs should give two flowers each.

Emperor. Immense flower, clear, golden-yellow trumpet; deep primrose perianth. Robust in habit. Excellent for garden or forcing.

Double Nosed Bulbs: Each 20c., doz. \$2.00, 100 \$16.00.

Large Round Bulbs: Each 15c., doz. \$1.50, 100 \$10.00.

Empress. One of the best bicolors. A strong, robust plant with extra large flowers. Trumpet is a pure yellow; its well-expanded perianth is pure white.

Double Nosed Bulbs: Each 15c., doz. \$1.50, 100 \$10.00.

Golden Spur. Large golden trumpet; early and fine. Splendid for naturalizing, for garden or for forcing.

Double Nosed Bulbs: Each 20c., doz. \$2.00, 100 \$16.00.

Large Round Bulbs: Each 15c., doz. \$1.50, 100 \$10.00.

Medium Trumpet Varieties

Barri conspicuus. A flower of exquisite beauty, unexcelled for cutting; large, broad spreading perianth; broad, short cup, conspicuously edged bright orange-scarlet.

Each 15c., doz. \$1.25, 100 \$9.00.

Sir Watkin (Incomparable). Primrose-perianth, often 5 in. across; cup yellow, tinted bright orange, elegantly fringed. A grand flower and very popular.

Each 15c., doz. \$1.50, 100 \$10.00.

TRANSPLANTING TROWELS have narrow blades and are especially desirable for planting bulbs. 5 in. 25c., 7 in. 30c., **postpaid.**

King Alfred. "The King of Daffodils." The finest of the giant golden yellows. Flowers of extra size and great substance. Golden yellow perianth; trumpet of beautiful form with deeply frilled mouth. Large bold flower and strong grower. **Each 35c., doz. \$3.50, 100 \$25.00.**

Princes. Yellow trumpet, with sulphur perianth. Very early and excellent for forcing. Popular.

Large Round Bulbs: Each 10c., doz. \$1.00, 100 \$7.00.

Victoria. Trumpet of large size, clear yellow and beautifully frilled at mouth; perianth creamy white. The best late forcing variety.

Double Nosed Bulbs: Each 20c., doz. \$2.00, 100 \$16.00.

Large Round Bulbs: Each 15c., doz. \$1.50, 100 \$10.00

Narcissus Poeticus

Poet's, or Pheasanteye Narcissus

The Poeticus or Pheasanteye Narcissus is one of the best sorts for naturalizing in fields and woods or for clumping in perennial beds and among shrubbery. When these are once planted they will remain in the same place for some years and will also increase their quantity of bulbs. Splendid for cut flowers.

Note.—In this type we carry only Monster Bulbs.

Poeticus. The true Poet or Pheasanteye Narcissus. Pure white with orange-red cup; very fragrant. Late.

Each 10c., doz. \$1.00, 100 \$7.00.

Poeticus ornatus. Somewhat larger than above, of which it is an improved form. Broad perianth with yellow cup, margined red; very early, most valuable for forcing. **Each 15c., doz. \$1.25, 100 \$8.00.**

Polyanthus, or Bunch-Flowered Narcissi

In our New England climate this class is not hardy and can be used for house culture only. In Southern States these bulbs are perfectly hardy. They are characterized by their tall spikes, each bearing from six to twelve blooms. All are exceedingly fragrant.

A very unusual condition exists this year because of the embargo placed on imported Narcissi by the Federal Horticultural Board. No foreign grown bulbs are available and domestic bulbs are not plentiful, yet we have made such reservations as will give us the very best that can be offered to the trade.

These domestic bulbs have not been tested for a sufficiently long period, as yet, so that we know for a certainty how early they will flower, though we confidently believe the stock we offer to be grown under equally as favorable conditions as abroad. We feel sure our bulbs will bloom with as great satisfaction as any, but we do not advise starting them in water with pebbles before Thanksgiving. Plant in soil, as usual, by November 1st.

Mailed free at the each and dozen prices, otherwise add postage at Zone rates (see page 1).
Weight 17 lbs. per 100.

Giant Paperwhites

The Popular Grandiflora Type. Unequalled for Winter Blooms

Paperwhites are tremendously popular. If planted in soil as soon as the bulbs are received from eight to ten weeks will be necessary to flower them, but as the season advances less time is required.

Most commonly however, the bulbs are planted in bowls of either glass or pottery, with water and sufficient stones or pebbles to keep them erect. If set at intervals during the season they may be had in continuous bloom during the Winter, a most common practice in many a home and office. It is advisable to place them in a cool, dark place at first until the roots make a good growth when they may be gradually brought to the light to flower.

Remember that ours are the true large-flowered Paperwhites and because of their size, vigor and earliness, are greatly superior.

Mammoth Bulbs.

Each 15c., doz. \$1.25, 100 \$9.00, 1000 \$85.00.

First Size. Each 10c., doz. 85c., 100 \$6.50, 1000 \$60.00.

Paperwhites are popular for home or office

Grand Soliel d'Or

Sometimes called Golden Cluster or Yellow Paperwhites.
Mammoth Bulbs.

Each 25c., doz. \$2.50, 100 \$18.00, 1000 \$160.00

BEAUTIFUL PEARL GRIT

Polished and glistening. Prepared especially for bulb culture in fancy dishes. Exceedingly attractive and in strong demand for goldfish globes and aquaria. Very effective on greenhouse benches.

Lb. 15c., 5 lbs. 65c., postpaid anywhere in New England;
25 lbs. \$2.50, 50 lbs. \$4.50, 100 lbs. \$8.00, by express.

HARDY BULBS FOR NATURALIZING

To lend enchantment to your garden when you are impatient for the return of Spring

As the season progresses, and our bulb supply dwindles, we may find it necessary to alter the amounts somewhat, but we shall aim to supply the following as given:

10 bulbs each: *Chionodoxa lucillae* and *sardensis*; *Grape Hyacinths*, white; *Scillaibirica*; *Campanulata*, white, blue and rose; *Snowdrops*, double.

15 bulbs each: *Eranthis hyemalis*; *Grape Hyacinths*, blue; *Snowdrops*, single.

125 bulbs in all for \$5.00 postpaid

NARCISSI FOR NATURALIZING

Daffodils or Narcissi are most desirable and beautiful Spring-flowering bulbs that are as much at home in nooks here and there in woodland or meadow, in shady places in your shrubbery border as in your sunny perennial beds. When naturalized in such locations the only requisite is that the tops be not cut off until the bulb ripens. With such treatment they become firmly and permanently established to furnish each successive Spring hosts of bloom without effort. No hoeing, staking or tying, just flowers as much a part of the landscape in April as Daisies in a field in June. The first cost is the only cost—slight at that.

To meet this great need we are prepared to offer at a special price, **Narcissi mixed from named varieties, hardy types—Giant Trumpets, Poeticus, etc., at only \$7.50 per 100, \$70.00 per 1000, prepaid.** What can give more enjoyment each successive Spring?

Enjoy quantities of these favorite flowers next Spring and in years to come! Plant this Fall.

HYACINTHS

One of the most popular of the Spring flowering bulbs that commands a place in every home and garden. There is nothing more attractive than a well-grown pan of Hyacinths, with their brilliant colors and delightful fragrance. Hyacinths may be brought to bloom about the latter part of January and if taken into the house at intervals, flowers may be obtained until the middle or latter part of April.

Culture in Pots When potting Hyacinths for growing indoors use a medium light, well-enriched soil, placing some broken crock in the bottom of the pot for drainage. Set the bulbs about $\frac{1}{2}$ inch below surface of soil, giving them a thorough watering and put them away in a dark, cold place, so that they will not freeze; water as often as need be to avoid drying. They should be allowed to remain for at least 12 weeks, or until the pot is well filled with roots, when they may be removed to a warmer location, but still kept dark until a growth of 4 to 5 inches is made, then bring to the light gradually until allowed to flower. When a succession of bloom is required, advance one or more pots every week or ten days.

Outdoor Culture Prepare the beds or borders where they are to be planted with well-rotted manure, having it well dug over to a depth of at least 12 inches, being well assured that the soil is well drained to avoid any decay of the bulbs. Plant the bulbs at least 5 inches deep and 6 apart. As soon as the ground begins to freeze cover the beds with a litter of leaves, straw or pine boughs to a thickness of 6 or 8 inches. This covering should be removed as early as possible after all danger from severe cold weather is past.

Culture in Glasses The type of glasses illustrated on page 25 should be used. The largest size bulbs should be selected, as they produce better results, are more rigid in the glasses and will support the top-heavy bloom. Place the bulb in the top of the glass, fill up with water so that the bottom of the bulb is about $\frac{1}{4}$ -inch below level of water. Change the water every three or four days. A little broken charcoal put in the water will help to keep it fresh and sweet. The same general directions apply for growing in water as noted in "Culture in Pots." We recommend the Top Roots or Mother Bulbs for growing in glasses. We can supply two styles of these glasses, the tall and short. See illustration. Colors: Amber, green, blue and clear crystal.

Giant Exhibition, or Mother Bulbs

These, sometimes called "top size," are the very largest bulbs produced and are the best quality obtainable. This is the size commonly grown for exhibition purposes and that attract so much attention from visitors at the bulb shows. They are unsurpassed and will prove very attractive for forcing for house and conservatory decoration.

Mailed free at each and dozen prices, otherwise add postage at zone rates (see page 1). 22 lbs. per 100.
Each 35c., doz. \$3.50, 100 \$28.00.

RED AND PINK

Gertrude. Bright, rosy-pink; large, compact spikes.
Gen. de Wet. Very bright pink, beautiful spikes.
Queen of the Pinks. A grand brilliant pink. Spike long and compact.
Lady Derby. Bright rose-pink.
Moreno. Lovely blush pink; large truss.

WHITE AND BLUSH

Arentine Arendsen. An extra fine pure snowy white for forcing, wide opening bells on broad, well filled spikes.
Grande Blanche. The largest and best of the blush whites. Especially fine for bedding
La Grandesse. Pure white; very large spikes and bells.
L'Innocence. Pure white; very large truss.

BLUE AND PURPLE

Bismarck. A splendid novelty with extra large flowers of a slightly lighter color than Grand Maitre. An extra early forcer.
Grand Maitre. Deep lavender-blue. Extra large truss.
Johan. Light blue, very fine spike; bells of great substance.
Marie. Rich, dark purple with well shaped spike.
Perle Brillant. Sky-blue tinged lilac. The finest light blue.
Scholte. Light blue, perfect truss. Excellent for pot culture.

Hyacinths

NOTE.—All of our Dutch Hyacinths are **Single**, as experience has taught that the **Double** do not give satisfaction. Contrary to popular opinion, perhaps, the **Single** in practically all varieties produce those handsome large, compact trusses that many assume to be double, but erroneously. Naturally some sorts are more compact than others, but we have no fear whatever but that those kinds we offer will give excellent results.

FIRST SIZE BULBS

These bulbs will produce perfect spikes of bloom but slightly smaller than the Mammoth or Exhibition size and are sure to give excellent satisfaction when forced.

Mailed free at each and dozen prices, otherwise add postage at Zone rates, (see page 1.)
22 lbs. per 100. Each 25c., doz. \$2.75, 100 \$22.00.

Red, Rose and Pink

General de Wet. Very light pink; large spike.

Gertrude. Bright, rosy-pink; large, compact spike.

Lady Derby. Bright rose-pink.

La Victoire. Bright glistening red when grown in the open; under glass a dark pink. Large truss.

Marconi. A beautiful, large spike of a bright red, shaded white. Splendid bells.

Moreno. Lovely bluish pink; large truss.

Queen of the Pinks. Brilliant pink; long, compact spike. One of the finest varieties.

Roi des Belges. Dark scarlet; very fine flower.

White and Blush

La Grandesse. Very large, pure white spikes and bells. One of the leading forcing varieties.

L'Innocence. A pure white. One of the best for forcing or bedding.

Blue, Lavender and Purple

Grand Lilas. Lilac blue; a magnificent spike.

Grand Maître. Deep lavender blue; extra large truss.

Johan. Light blue, very fine spike; bells of great substance.

King of the Blues. Rich dark blue, fine, close spike. One of the best for forcing.

La Peyrouse. Clear porcelain blue; a very showy flower.

Marie. Rich, dark purple; very fine spike.

Perle Brillant. Sky-blue, tinged lilac; the finest light blue.

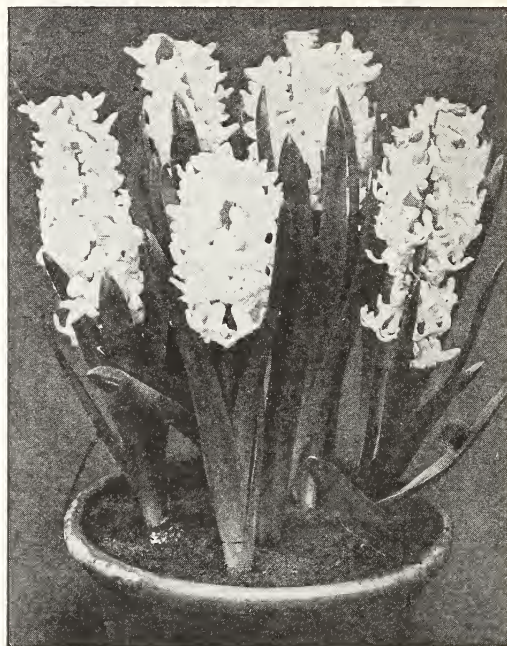

Queen of the Blues. Beautiful azure blue; large bells, handsome truss.

Schotel. Light porcelain blue. Large, finely formed spike. Forces easily. Early.

Yellow

City of Haarlem. Bright golden yellow; the best yellow.

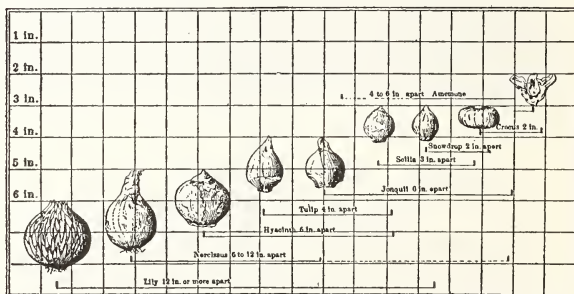

Yellow Hammer. Golden yellow; broad spike; very showy.

A pan of Hyacinths will fill a room with fragrance

HOW AND WHEN TO PLANT

Bulbs for Fall planting may be set out during September, October and November, or until the ground is frozen. The diagram below indicates the depth and distance apart to plant each kind.

Forcing and Bedding Hyacinths SUPERB NAMED VARIETIES, BY COLOR ONLY

These bulbs are the next grade smaller than the First Size, and are adapted to forcing or bedding. They are all of first quality and will produce large, well-formed spikes though smaller than the two larger sizes. Where quantities are to be grown and cost is a consideration, we can heartily recommend them. For bedding they are the best size, as the spikes are not so large as to suffer during unfavorable weather when in bloom.

Mailed free at each and dozen prices, otherwise add postage at zone rates (see page 1.)

Weight, 18 lbs. per 100. Each 20c., doz. \$2.25, 100 \$16.00.

While we can supply nearly all the named varieties described above under the heading of First Size Bulbs, we must reserve the right to the selection of the variety. We will, however, if requested, supply the name of the kind furnished. **Order by color only.** If you wish to carry out a color scheme we will supply harmonizing colors.

Bright Red Rose Pink White Light Blue Dark Blue Yellow

FISKE'S QUALITY BULBS

Our contracts with our special growers specifically stipulate that our orders shall be filled with the best quality and size produced. Our bulbs will compare favorably with any that are offered, and our prices are reasonable for the quality offered. The results our many customers have obtained is their best recommendation. Shipments are made as early as possible after receipt. Often all bulbs are not received by us at one time, which may necessitate our making extra shipments. Any customer desiring his order filled in one shipment will please so state when ordering.

Hyacinths

Miniature, or Dutch Roman

Mailed free at each and dozen prices, otherwise add postage at Zone rates (see page 1).

Weight, 15 lbs. per 100.

Each 15c., doz. \$1.25, 100 \$9.00, 1000 \$85.00.

The bulbs of this Hyacinth are of a small size but of the true Dutch type, and not allied to the Roman Hyacinths as the name may imply. These bulbs are suitable for growing in large quantities where close masses of flowers are wanted, such as may be required in a perennial bed and border; or they may be used in clumps among shrubbery and also for edging.

Dutch Romans give splendid results when forced. Follow the general directions given on page 11. The kinds we offer are the best for the purpose. Use 10 bulbs to each 8-inch pan and preferably of only one sort, so as to have all in bloom at once. This insures a fine display.

MIXTURE OF ALL COLORS

Hyacinths for Bedding

MIXED VARIETIES TO COLOR

Considering the splendid show that a few Hyacinths will make, we wonder why more are not planted about the home. They may be planted with but little trouble and will require almost no care, and yet appear early in the Spring in all their beauty of form and coloring to make attractive what otherwise might be a bare spot against the foundation or on the lawn where last season's annual bed awaits the return of warmer weather for its renewal. They are fine also for bordering perennial beds and shrubbery. This size is excellent for these purposes.

These mixed varieties will give splendid results unless one wishes to carry out a color scheme or design, in which case we recommend the use of the named sorts, as then one may secure sharp and distinct colors.

Mailed free at each and dozen prices, otherwise add postage at Zone rates (see page 1).

Weight, 15 lbs. per 100.

Each 20c., doz. \$1.75, 100 \$14.00, 1000 \$132.00

Mixture of Colors

The Secret of Success with lawns made in the Fall lies in the ideal conditions existing at this season. During the cool temperatures of early Fall when the soil is warm, and usually moist, seed can germinate quickly and make deep roots, which are far less likely to be killed by Winter frosts than are the shallower roots of Spring sown grass being killed by the extreme heat of Summer. Weeds which are dormant in every soil spring up quickly, but the majority of them being annuals only, will be killed by the first severe frosts. We advise all who contemplate making a new lawn, or renewing the old, to do the work this Fall, as the grass will become well established before freezing weather, ready to start a luxuriant growth with the return of Spring. **Buy Franklin Park Lawn Seed—cleanest—best—cheapest—for results.** See third cover page.

Gladiolus

FOR WINTER FORCING

These select varieties in first size bulbs excel for greenhouse and conservatory culture. Set the bulbs 5 by 7 or more inches apart. Carnation temperature is right for them, 60 degrees by day and 52 degrees by night, avoiding if possible a higher heat by day.

Le Marechal Foch. One of the largest Gladiolus ever produced, bidding fair to displace the ever-popular America. One of the earliest of all to bloom. A charming shade of clear light pink, without any suspicion of a shading or marking. **Doz. \$1.50, 100 \$10.00.**

Mary Pickford. An extraordinary flower and spike of the most delicate creamy white. Throat of same tint. Stem and calyx is also white. **Doz. \$2.50, 100 \$20.00.**

Mrs. Frank Pendleton. One of the finest. A most exquisite salmon-pink with a very conspicuous blood-red blotch in the throat on the lower petals. Very strong, growing from 4 to 6 ft. **Doz. \$1.50, 100 \$10.00.**

Prince of Wales. A delicate salmon-rose, with lilac center, spot of yellow and carmine on lower petals. **Doz. \$1.50, 100 \$10.00.**

Scarlano. A superior ruffled scarlet, blotched blood-red at throat. Very brilliant and without a doubt the best of the reds. **Doz. \$2.00, 100 \$16.00.**

PRIMULINUS VARIETIES

Alice Tiplady. The largest and finest we can offer. A grand variety of the most beautiful orange saffron. **Doz. \$1.50, 100 \$10.00.**

Jewel. One of the largest and the best clear salmon pink ever offered. The throat is a bright golden yellow. Strong stems of good length such as any good cut flower requires. **Doz. \$2.50, 100 \$20.00.**

Maiden's Blush. A superb light pink; the best of this type. **Doz. \$1.50, 100 \$10.00.**

Mrs. Frank Pendleton, a choice Gladiolus for greenhouse forcing

Lilies for Forcing and Outside Planting

Mailed free at each price, otherwise add postage at zone rates (see page 1).

Weight: 3 lbs. per doz., 25 lbs. per 100.

FORCING VARIETIES

Lilium Harrisii (The Bermuda Easter Lily)

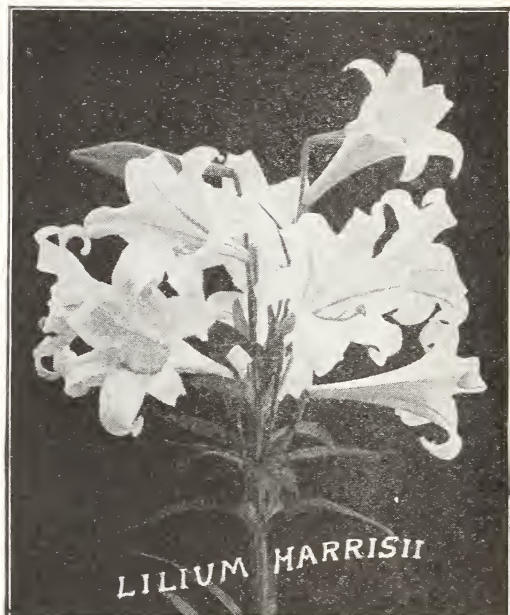

If you want to grow your own Lily for Easter, plant the *Lilium Harrisii*, the true Bermuda Easter Lily, that so many of our customers have without doubt so greatly admired in its native land where it grows so splendidly outside. It is the best Lily for the amateur for either house or conservatory culture. Plant during September or October in a compost of turfy loam, shredded cow manure and sand. A 4-inch pot will be large enough for a single bulb of the smaller size, while a 7-inch pot must be used for the mammoth size or more than one bulb of the smaller. The Lily is a glistening, pure white with long, broad trumpets.

Jumbo Bulbs. Each 90c., doz. \$9.00, 100 \$72.00.
Extra Large Bulbs. Each 50c., doz. \$5.00, 100 \$40.00.

Lilium Longiflorum Formosum

A comparatively recent introduction in Easter Lilies, which will grow as easily as the *Harrisii* and mature early, producing large, pure white blooms. The foliage is not as heavy as *Harrisii*. We recommend planting in from 4- to 7-inch pots, according to the size of the bulb. September delivery.

Jumbo Bulbs. Each 75c., doz. \$7.50, 100 \$60.00.
Extra Large Bulbs. Each 50c., doz. \$5.00, 100 \$40.00.

Lilium Longiflorum Giganteum

(True Black Stem)

A splendid Lily for Easter forcing, producing a large quantity of blooms from each bulb. This is a later flowering variety and requires a higher temperature. Particularly fine for florists. November delivery.

Jumbo Bulbs. Each 75c., doz. \$7.50, 100 \$60.00.
Extra Large Bulbs. Each 45c., doz. \$4.50, 100 \$35.00.

Lilium Candidum

(The Madonna, or Annunciation Lily)

This is one of our loveliest and best known hardy Lilies. It should always be planted in the Fall so that it can make a good leaf growth before the ground freezes. This growth is peculiar to this variety. Ours is the true North of France type, with the thick petals and which is so free of bloom that often there are more than a dozen nice large flowers to a stem, each with yellow stamens and a most delightful fragrance. It is hardy and will thrive in any ordinary soil, preferring plenty of light and air. It will, however, force exceedingly well. Planted among shrubbery or hardy perennials it is particularly handsome. Placed with tall, blue Larkspur it will be very effective in June when the two come into bloom together. Our bulbs are the largest and strongest obtainable and we can especially recommend them.

Jumbo Bulbs. These are the largest and best bulbs obtainable. Each 60c., doz. \$6.00, 100 \$45.00.
Mammoth Bulbs. Each 40c., doz. \$4.00, 100 \$30.00.
First Size Bulbs. Each 30c., doz. \$3.00, 100 \$22.50.

Lilium Candidum, Madonna Lily

Handsome Hardy Garden Lilies

Mailed free at each price, otherwise add postage at zone rates (see page 1).
Weight, 3 lbs. per doz., 25 lbs. per 100.

Certain of the following varieties arrive in this country late in November after the ground has frozen, possibly. These varieties are marked with an asterisk (*). We make a specialty of Hardy Lilies and have unsurpassed storage facilities of our own for their proper care over Winter. Do not hesitate, therefore, to send us your order as early as possible and we will make shipment this Fall if advisable, otherwise we will hold it for Spring shipment. Early orders will assist us in providing ample stock of those kinds of which our supply is usually limited.

It is well to remember when planting these Lilies that they do not like to stand in water, which is very liable to rot them. Plant, therefore, with a handful of sand below each bulb and set the bulb slightly at an angle so an excess of moisture cannot settle between the leaflets or in the center.

***ALBUM** (White Japanese Lily). This variety of Speciosum is undoubtedly the hardiest and most popular Lily for the garden. They grow from 3 to 4 feet high and continue to bloom from August till frost. The color is pure white.

Mammoth Bulbs. Each 70c., doz. \$7.00, 100 \$50.00.
Selected Bulbs. Each 40c., doz. \$4.00, 100 \$28.00.

***AURATUM** (Gold-banded Lily of Japan). The most beautiful variety of all and should be in every garden. Flowers white, dotted crimson, with a clear golden band through the center of each petal; very fragrant. It grows on a strong stem, 4 to 5 feet high, with from 6 to 12 blooms frequently measuring 10 inches across when expanded.

Mammoth Bulbs. Each 60c., doz. \$6.00, 100 \$48.00.
Extra Large Bulbs. Each 45c., doz. \$4.50, 100 \$35.00.

***AURATUM RUBRUM VITTATUM.** Very large flowers, often 1 foot across, of pure ivory white, with broad crimson stripe through center of each petal. One of the choicest sorts. Each \$1.00, doz. \$10.00.

***BROWNII.** Very large flowers, trumpet-shaped, pure white inside, brownish outside. Stamens chocolate color. 3 feet. July and August. Each \$1.25, doz. \$12.00.

CANADENSE (Meadow Lily). A most graceful bright yellow Lily with small black spots. Excellent for naturalizing; 2 to 3 feet.

Each 15c., doz. \$1.75, 100 \$12.50.

CANADENSE RUBRUM. Similar to preceding only crimson, spotted with black, flowers in July and August.

Each 25c., doz. \$2.50.

***HANSONII.** Deep golden-yellow, spotted chocolate.

Each 70c., doz. \$7.00.

***HENRYI** (Yellow Speciosum). A vigorous Lily; color deep orange-yellow, banded with green.

Each 75c., doz. \$7.50.

***KRAMERI.** A unique clear pink with fragrant and beautiful trumpet-shaped flowers. 2 to 4 ft. Plant deep and provide good drainage.

Each 40c., doz. \$4.00.

***MAGNIFICUM.** The most intensely colored of all Speciosum varieties.

Mammoth Bulbs. Each 60c., doz. \$6.00, 100 \$48.00.

Selected Bulbs. Each 45c., doz. \$4.50, 100 \$36.00.

***MELPOMENE.** Large; deep crimson, heavily spotted.

Mammoth Bulbs. Each 60c., doz. \$6.00, 100 \$48.00.

Selected Bulbs. Each 45c., doz. \$4.50, 100 \$36.00.

REGALE (Myriophyllum). We cannot say too much in praise of this beautiful Lily that is so rapidly becoming a favorite. The white flowers are suffused pink, with a delightful shade of canary-yellow at the center. Its fragrance is fascinating, similar to the Jasmine. Well grown bulbs often produce five to eight blooms.

Each \$1.00, Doz. \$10.00.

***RUBRUM** (Red Japan Lily). White, suffused and spotted crimson. A most popular and satisfactory Lily deserving of more general planting.

Mammoth Bulbs. Each 60c., doz. \$6.00, 100 \$48.00.

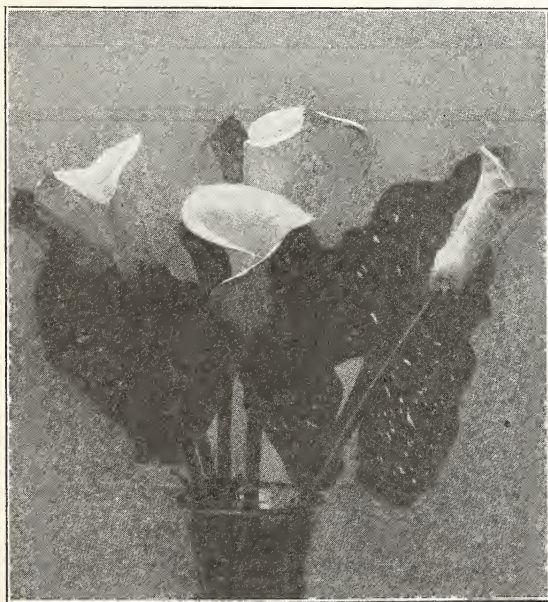

Selected Bulbs. Each 45c., doz. \$4.50, 100 \$36.00.

SUPERBUM (Our Native Turk's Cap Lily). Rich orange-red petals tipped red and dark spotted. 4 to 6 feet high. Blooms in July and August.

Each 45c., doz. \$4.50, 100 \$35.00.

***TIGRINUM SPLENDENS** (The Common Tiger Lily). So well known that it does not require description.

Each 25c., doz. \$2.50, 100 \$20.00.

Callas are so satisfactory for Winter blooms that there will always be a place for them among millady's house plants

Calla Lilies (Arum)

These bulbs like a clayey soil composted with a small quantity of shredded cow manure. Plant with the crown protruding just above the surface of the soil. When started, warm water given a couple of times each week will hasten the flowering and increase the number of blooms.

Mailed free at each price, otherwise add postage at zone rates (see page 1). Weight, 3 lbs. per doz.

Elliottiana (The Golden Calla). A particularly choice variety with rich, golden yellow flowers and white-spotted foliage. One of the finest sorts in cultivation, being most valuable for house decoration. If planted this Fall it may be had in bloom during February, or if planted in Spring it will flower in June.

Each 50c., doz. \$5.00, 100 \$40.00.

Godfrey (Everblooming White Calla). An improvement over the ordinary white Calla, especially for the amateur, being of even freer growth and much more floriferous during a longer season. Though a trifle smaller than the old-fashioned Calla, the flowers are of a purer white and delicately scented. Strong flowering bulbs.

Each 40c., doz. \$4.00, 100 \$30.00.

White Calla (Richardia Aethiopica). The best known Calla; always popular. Pot during September and October for blooms about January.

Extra Selected. Each 25c., doz. \$2.50, 100 \$20.00.

Jumbo Size. Each 50c., doz. \$5.00, 100 \$40.00.

Amaryllis

The Amaryllis, one of the most beautiful of our tender or greenhouse bulbs, is greatly admired though little grown. Bulbs should be potted as early as possible in the Autumn and allowed to root slowly. Their flower scape usually appears about February, after which the foliage commences to show. They should be kept growing until August or September and then allowed to rest until flowering time. Do not disturb the roots if repotting is needed. Most varieties are ready for delivery in October.

Belladonna major (Belladonna Lily). Bright rose, large and handsome. Very free and fragrant. Stems usually 2 feet long. **Each 25c., doz. \$2.50, postpaid.**

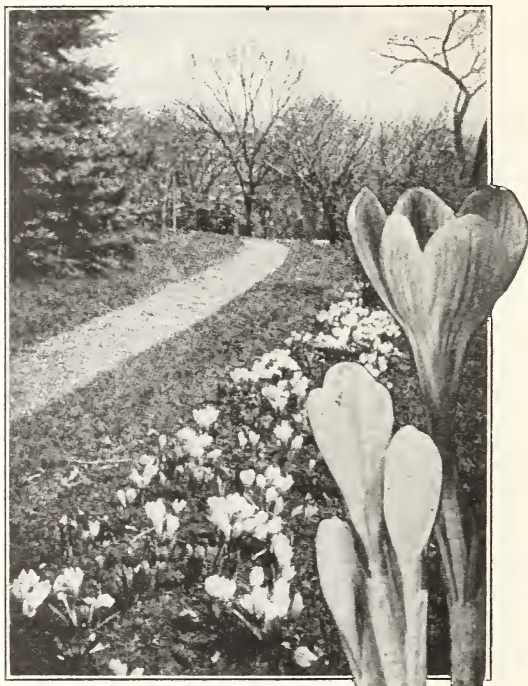

FISKE'S AMERICAN HYBRIDS. A magnificent strain, vigorous of growth and very free flowering, enormous in size and with a wonderful range of colors varying from deep crimson to rose pink and almost pure white, elegantly striped and variegated. Mixed colors only. **Each 75c., doz. \$7.50, postpaid.**

Anemone, Windflower

These bulbous or tuberous-rooted Anemones thrive best in the open ground, but should be sheltered and well drained. Fine for rock work. They flower early in the Spring. Plant 6 inches apart and 3 inches deep. The bulbs should be taken up during June, dried through the Summer and planted in the Fall. They may also be grown in pots for blooming in the house, being allowed to root in a cool place before taking into warm room.

Giant French or Poppy flowered. Various colors including many shades of scarlet.

Superb Mixture. Doz. 90c., 100 \$6.50, postpaid.

GIANT SPRING-FLOWERING CROCUS

In the early Spring when the first grass is turning green it is delightful to see the pretty little Crocuses dotting a stretch of lawn or clumped together in some sunny spot, for they are quite properly called the "Heralds of Spring!" An effective way to place them is scatter handfuls at random and plant two or three together wherever they may have fallen by either digging up a little sod or by making a hole through it with a sharp stick or trowel. The tops can readily be cut off with the first mowing and without injury, as the bulbs are perfectly hardy and can be left in the ground for several years without being disturbed. They may also be planted among other Spring-flowering bulbs, such as Tulips, Hyacinths, and Narcissi, making a splendid show before the other varieties begin to bloom. The results obtained from planting Crocuses in pots or pans for house blooming are very satisfactory. For this purpose it is advisable to use the best named varieties and place the bulbs about one-half inch apart and one-half inch deep, keeping them in a cool place until thoroughly rooted, when they may be brought to the light for blooming.

Mailed free at dozen prices. By Parcel Post, weight 3 lbs. per 100.

We supply 6 Bulbs of a variety at the dozen rate, 25 at the 100 rate, 250 at the 1000 rate

Any of the following, except where noted: Doz. 35c., 100 \$2.50, 1000 \$22.00.

WHITE

Kathleen Parlow. Doz. 50c., 100 \$3.50, 1000 \$32.00.
White Lady Doz. 35c., 100 \$2.50, 1000 \$22.00.
King of the Whites. Pure white; very floriferous.
Mont Blanc. Snowy white.

BLUE

Baron von Brunow. Deep purple.
King of the Blues. Extra large, purple-blue.
Purpurea grandiflora. Dark purple. Extra large.
 Doz. 40c., 100 \$2.75, 1000 \$24.00.
Marquis of Lorne. Clear blue.

STRIPED

Pallas. Doz. 35c., 100 \$2.50, 1000 \$22.00.
Albion. Dark violet, striped with white. Extra.
Sir Walter Scott. Large white, striped with lilac.

GOLDEN YELLOW

Jumbo Bulbs. Doz. 75c., 100 \$4.00, 1000 \$36.00.
Mammoth Bulbs. Extra large bulbs.
 Doz. 60c., 100 \$3.25, 1000 \$29.00.

GIANT FLOWERING MIXTURE. Choicest colors.

Mixtures of Crocus

The bulbs are of a somewhat smaller size than the named varieties, but may be planted quite close together.

The colors include a complete selection of all the shades and markings, as well as the self colors.

Doz. 30c., 100 \$1.75, 1000 \$14.00.

White shades. **Striped and Variegated.**
Blue and Purple shades. **Golden Yellow.**

Mixture of all colors

BULBS FOR NATURALIZING

Many a sheltered spot in woodland or meadow, or nook beside a stream can be made bright and cheerful after the bleakness of Winter by planting Daffodils, Crocuses, Trilliums, Lilies, or even Darwin Tulips, in clumps which can be left for years to increase in size and beauty. It is a practice that is constantly gaining in favor. May we call special attention to our bulbs of these for Fall planting that will return in enjoyment more than their cost the first Spring?

Improved Giant Freesias

White and Colored Varieties. Mailed free.

Freesias are of so easy culture that they are very popular. Plant in the early Autumn, root in a cool place for about three weeks and then bring to the light gradually and grow until in bloom. If planted during September they may be forced into bloom for Christmas. A dozen bulbs planted in a 6-inch pan will make a handsome display.

Giant Freesia "Purity." This is, without doubt, the largest, finest and purest white Freesia in existence. Stems grow from 20 to 30 inches high and produce from six to a dozen enormous flowers of snowy white. Our stock of this superb variety is unsurpassed.

Jumbo Bulbs. Doz. 75c., 100 \$5.00, 1000 \$45.00.

Mammoth

Bulbs. Doz. 60c., 100 \$4.00, 1000 \$35.00.

First Size

Bulbs. Doz. 40c., 100 \$2.50, 1000 \$22.00.

Amethyst. A beautiful amethyst blue with a light center. Extra strong, sturdy grower. Doz. \$1.00, 100 \$7.50.

California. A large flower of a bright golden yellow. A strong grower with long stems. One of the very finest yellow Freesias. Doz. \$1.00, 100 \$7.50.

Carmencita. Medium sized flowers of a beautiful light orange-salmon hue with buff shading on the lower petals, are borne on wiry stems. Doz. \$1.00, 100 \$7.50.

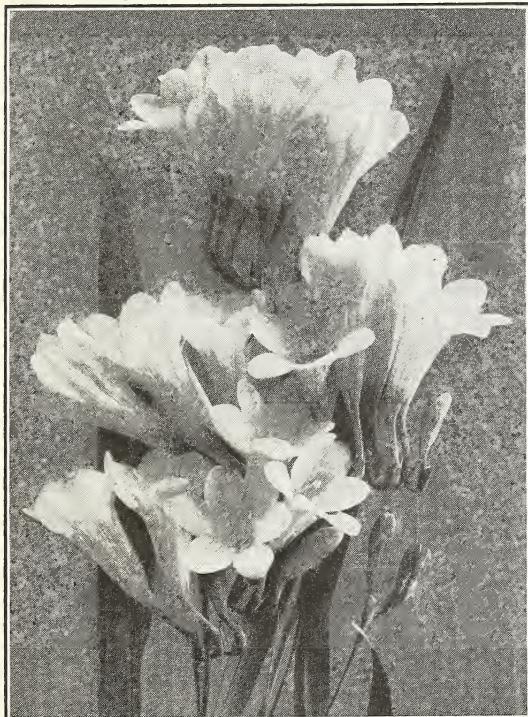

Carrie Budau. Lavender pink. An enormous grower and producer. Flowers and stems are somewhat larger than the General Pershing. Doz. \$1.00, 100 \$7.50.

Eranthis Hyemalis

(Winter Aconite)

Charming early Spring flowers, often appearing through snow. Golden yellow blossoms, 6 inches high. One of the best sorts for naturalizing in shrubbery or woody locations, where they thrive to perfection.

Mailed free. Doz. 45c., 100 \$3.00, 1000 \$27.00.

The new colored varieties add a charm to Freesias
Grow them to appreciate their wonderful colorings

General Pershing. This is a brilliant shade of pinkish lavender with a yellow lip, suffused bronze. The flowers are borne on stems often 3 feet tall, and very freely. The glorious colorings must be seen to be appreciated. Not as early as Purity, usually blooming about the middle of February.

Doz. 75c., 100 \$5.00, 1000 \$45.00.

Mrs. Marc Peter. Its very attractive flowers are of large size, deep rosy salmon in color, with each lower petal blotched orange and yellow. It opens up well and is a wonderful keeper. This is the earliest of all colored Freesias. Doz. \$1.25, 100 \$9.00.

Olivette. Bright carmine red with light yellow throat, lower petals having a deep yellow blotch with crimson veins. Very profuse bloomer. Doz. \$1.00, 100 \$7.50.

Yellow Prince. Somewhat darker than California. Its stems are long and wiry. Doz. \$1.00, 100 \$7.50.

Chionodoxa, Glory of the Snow

Indeed, the handsomest of our dwarf blue Spring flowers. For effect plant closely together. Perfectly hardy and deserving of being naturalized extensively in lawns and other grass plots. Force for dainty table decorations.

Mailed free. Doz. 50c., 100 \$3.50, 1000 \$30.00.

Lucille. Bright sky blue. **Sardensis.** Rich deep blue.

Frittilaria Imperialis

(Crown Imperials)

Stately plants growing 2 feet high, bearing clusters of immense, pendant, single bell-like flowers in whorls surmounted by a tuft of green foliage. Leave them undisturbed in your hardy borders and enjoy them year after year. Plant in October, 9 in. deep, tipped to one side, with a handful of sand below.

Aurora. Red. Each 35c., doz. \$3.50, 100 \$25.00.

Crown upon Crown. Bears several whorls of red flowers, one above the other. Each 35c., doz. \$3.50, 100 \$25.00.

Lutea. Yellow. Each 35c., doz. \$3.50, 100 \$25.00.

Mixed. Each 25c., doz. \$2.75, 100 \$21.00.

Grape Hyacinths (Muscari)

These beautiful little flowers borne in clusters Grape-like, are old-time favorites for the hardy border, grouped among shrubbery or for naturalizing in grass plots. Place if possible where they can be left undisturbed for several years, for they are at their best and most effective when grown in masses. Treat similar to Tulips when grown in shallow pans for table decoration. **Mailed free.**

Alba. White. Doz. 60c., 100 \$4.50, 1000 \$37.50.

Heavenly Blue. The largest and best of the Grape Hyacinths. Of a delicate sky-blue, with large bells, forming a thick, symmetrical truss of unusual size.

Doz. 50c., 100 \$3.75, 1000 \$35.00.

Ixias Mailed free.

Admirably adapted for growing in the house, and worthy of more general use. Twelve bulbs may be planted in a 7- to 8-in. pan, covered about 1 in., and put away to root, somewhat like Hyacinths, requiring very little water. When taken in the house, a warm place is best suited for them. Their curious markings and shadings make them attractive.

Finest Mixed Varieties. A fine variety of colors, rich and beautiful, with centers always differing from the other parts of the flower. Gorgeous as they expand in the sunlight. Doz. 50c., 100 \$3.00, 1000 \$25.00.

Named Varieties. Doz. 75c., 100 \$5.00.

Conqueror. Bright yellow, shaded orange-scarlet.

Madelaine. White, bluish outside.

Vulcan. Bright orange-red with a dark base.

Lily of the Valley

COLD STORAGE PIPS FOR FORCING

A greatly admired and very popular flower at all times having graceful racemes with numerous white, drooping bells and a most delightful fragrance. May be grown as house plants twelve months in the year. These pips may be flowered in three to four weeks.

Plant about 25 pips in a 7-in. pot or pan, place in a warm temperature, say 65 degrees F. and shade from light until leaves and spikes are well developed, then admit light gradually. An inverted pot over each potful answers admirably. Increase temperature to 75 or 80 degrees if possible. This is the treatment for cold storage pips only.

Mailed free at 25 and 100 prices. Larger quantities should be shipped by express.

"Premier" Selected Pips. From cold storage, ready about November 15th. Our stock is of the best quality. When comparing prices remember that the best proves the cheapest. **Per bundle of 25 pips \$2.00, 100 \$7.00, cases of 250 \$16.00, 500 \$30.00.**

For fancy bowls in which to grow these, see page 27.

Prepared Fibre: Qt. 15c., pk. 75c.

Oxalis

Lovely little plants for hanging pots and baskets. Easily grown. If planted early, will produce flowers in December and bloom through the entire Winter. Plant six bulbs in a 7-inch pot. Place in a dark, cool place for several days to root. Then remove to a sunny situation.

Doz. 40c., 100 \$2.75, postpaid.

Grand Duchess Yellow. Flowers clear yellow and very large.

Grand Duchess rosea. Large, pink flowers.

Grand Duchess White.

Grand Duchess Lavender. A lovely shade.

Bermuda Buttercup. Large clear yellow; very free bloomer.

Chionodoxa, dainty blue, early Spring flowers that are most effective when planted in masses. (See preceding page)

Ranunculus

DOUBLE BUTTERCUPS (Bulbous)

Very effective, dwarf flowers, blooming quite early and delightful in June. Fine for cutting. Should be well protected outside during the Winter. Easily grown in pots or coldframes. Place claws down. If in pots use six bulbs to each 5-inch pot.

Giant Double French, Mixed. A great assortment of colors.. **Doz. 75c., 100 \$6.00, 1000 \$55.00, postpaid**

Scillas, English Bluebells

Mailed free.

Sibirica (Siberian Squill). Lovely bright blue flowers blooming very soon after the snow and ice have gone. Most effective in lawns, planted in small clumps or scattered, or planted among Tulips and Hyacinths, as it blooms before those plants appear and its flowering period is over when theirs begins. Particularly valuable for rock gardens and naturalizing. 3 to 4 in. high.

Mammoth Bulbs. Doz. 65c., 100 \$4.50, 1000 \$42.50.

Campanulata (Spanish, or Wood Hyacinth). This Scilla is probably the best variety for planting in perennial borders, attaining a height of 8 to 12 in. Each bulb produces 2 or 3 Hyacinth-like spikes of beautiful flowers. Splendid when planted in large clumps. Don't skimp on these delightful flowers!

	Doz.	100	1000
White Queen. Pure white.....	60c.	\$4.00	\$35.00
Blue Queen. Bright blue.....	50c.	3.50	32.00
Rose Queen. Delicate rose.....	65c.	4.50	42.50

Giant Snowdrops, Galanthus

Mailed free

The flowers of the Snowdrop are among the smallest and daintiest of the hardy Spring blooming bulbs. It is always the first to bloom outdoors, and if planted in a sheltered place may flower as early as January. Its delight is to be naturalized in the open woods and among the rocks. Perfectly hardy and continues year after year.

Single. Pure white.

Large Bulbs. Doz. 50c., 100 \$3.00, 1000 \$28.00.

Double. Pure white.

Large Bulbs. Doz. 75c., 100 \$5.00, 1000 \$48.00.

Snowdrops will peep through the last of the Winter snows so eager are they to show their beauty.

EVERGREEN TREES For August and September Planting

ARBORVITAE. *Thuja*

American Arborvitae (*T. occidentalis*). A fast growing pyramidal tree with light green foliage. Very useful for hedging and screening, as well as for ornamentation. 12 in. 75c., 18 in. \$1.25, 24 in. \$1.75, 30 in. \$2.25, 3 ft. \$3.25, 3½ ft. \$4.00, 4 ft. \$5.00.

George Peabody Arborvitae (*T. occidentalis lutea*). A variety of the above with golden foliage.

12 in. \$1.00, 15 in. \$1.50, 18 in. \$2.00.

Globe Arborvitae (*T. occidentalis globosa*). Very dwarf and compact; grows naturally into a rounded, almost ball-like form. 12 in. \$1.50, 15 in. \$1.75, 18 in. \$2.75.

Pyramidal Arborvitae (*T. occidentalis pyramidalis*). Similar to American Arborvitae, but more dense and pyramidal in habit. It retains its lustrous, green color all Winter. 12 in. 90c., 15 in. \$1.25, 18 in. \$1.75, 24 in. \$2.25, 30 in. \$3.00, 3 ft. \$4.00, 3½ ft. \$5.00.

Siberian Arborvitae (*T. occidentalis wareana*). Of a slower and bushier growth than the American variety. Very hardy and holds its dark green color through the Winter.

12 in. \$1.25, 15 in. \$1.50, 18 in. \$2.00, 24 in. \$3.00.

Spire-like Arborvitae (*T. occidentalis spiralis*). Habit is erect and formal. The foliage is peculiarly twisted and gives the whole bush a spiral appearance.

12 in. \$1.25, 15 in. \$1.50, 18 in. \$2.00, 24 in. \$3.00.

Vervae's Arborvitae (*T. occidentalis vervaeneana*). A very choice variety; dense habit; foliage variegated with yellow, giving the plant a light golden tinge of green. 12 in. \$1.25, 15 in. \$1.50, 18 in. \$2.00, 24 in. \$3.00.

FIR. *Abies*

Rocky Mountain Fir (*A. concolor*). One of the hardiest and most beautiful evergreens. Tree of graceful and stately habit, with large, broad, silvery green foliage. 18 in. \$2.75, 2 ft. \$4.00, 2½ ft. \$6.00, 3 ft. \$7.00, 3½ ft. \$9.00, 4 ft. \$10.00.

HEMLOCK. *Tsuga*

Canadian Hemlock (*T. canadensis*). A broadly pyramidal, medium-sized tree of dense growth, with rich green foliage. Branches thickly set with more or less pendulous tendency, giving a particularly graceful effect. 18 in. \$2.75, 2 ft. \$3.50, 2½ ft. \$4.50, 3 ft. \$6.00.

JUNIPER. *Juniperus*

Gray Carpet Juniper (*J. sabina tamariscifolia*). A prostrate variety with fern-like foliage. Excellent for rockwork or wherever a dwarf spreading plant is desired. 12 in. spread \$1.75, 15 in. spread \$2.00, 18 in. spread \$3.50, 2 ft. spread \$5.00.

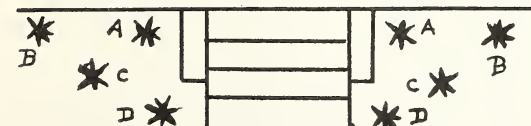

Greek Juniper (*Excelsa stricta*). A beautiful, dwarf variety; dense grower, with tapering outline and bluish foliage. 12 in. \$1.50, 15 in. \$2.25.

Pfitzer's Juniper (*J. chinensis pfitzeriana*). Grows to a fair-sized plant, with branches spreading nearly horizontally as broad as tall. Foliage bluish-green.

12 in. \$1.75, 15 in. \$2.50, 18 in. \$3.00, 24 in. \$4.00.

Red Cedar (*J. virginiana*) Medium habit. Foliage in Summer bright green, changing to a bronze hue in Winter. 2 ft. \$1.50, 2½ ft. \$2.00, 3 ft. \$3.00, 3½ ft. \$3.50, 4 ft. \$4.00.

Catalog price \$15.50

SPECIAL OFFER \$14.00

Savin Juniper (*J. sabina*).

A valuable spreading or semi-erect plant; very desirable for planting in a bed of mixed evergreens; also valuable for rockwork. Its unchanging, deep green color adds to its desirability. 12 in. \$1.25, 15 in. \$2.00, 18 in. \$2.75.

Trailing Juniper (*J. communis prostrata*). Low growing bush of prostrate habit, with light, glaucous foliage. 12 in. spread \$1.00, 15 in. spread \$1.75, 18 in. spread \$2.25, 24 in. spread \$3.00.

Golden Trailing Juniper (*J. communis aurea*). A golden form of the above. 12 in. spread \$1.00, 15 in. spread \$1.75, 18 in. spread \$2.25, 24 in. spread \$3.25.

PINE. *Pinus*

Austrian Pine (*P. nigra austriaca*). A robust tree of rapid growth. Stiff, long green needles in pairs. Very good for seaside planting. 18 in. \$1.50, 24 in. \$2.00.

Dwarf Mountain Pine (*P. montana Mughus*). Very valuable where a low, dense, spreading growth of evergreen is desired; foliage deep green; very hardy.

12 in. spread \$2.00, 15 in. spread \$3.00, 18 in. spread \$4.00.

Red Pine (*P. resinosa*). A handsome tree with long, lustrous green needles.

2½ ft. \$2.75, 3 ft. \$3.00, 3½ ft. \$4.00, 4 ft. \$5.00.

Scotch Pine (*P. sylvestris*). A strong grower, with spreading branches and short, stiff, bluish-green needles.

2 ft. \$2.00, 2½ ft. \$2.75, 3 ft. \$3.50, 3½ ft. \$5.00.

White Pine (*P. strobus*). One of the best native Pines. Thrives on sandy soil.

2½ ft. \$2.00, 3 ft. \$2.75, 3½ ft. \$3.25, 4 ft. \$4.00.

SPRUCE. *Picea*

Colorado Spruce (*P. pungens*). The original form of the now famous Colorado Blue Spruce. The foliage is a light green. A hardy grower in almost any soil.

15 in. \$1.75, 18 in. \$2.50, 2 ft. \$3.50, 2½ ft. \$4.00, 3 ft. \$4.50, 3½ ft. \$5.00.

Colorado Blue (*P. pungens glauca*). Form of *Picea pungens*, with the same general character, but the foliage is of an exceedingly rich, silvery-blue.

12 in. \$3.50, 15 in. \$4.25, 18 in. \$5.00, 2 ft. \$6.50.

Norway Spruce (*P. excelsa*). This familiar Spruce is a rapid grower, does well in most soils, and withstands the bleak, cold winds of Winter.

12 in. 75c., 15 in. \$1.00, 18 in. \$1.50, 2 ft. \$2.25, 3 ft. \$3.50, 3½ ft. \$4.00, 4 ft. \$5.00.

White Spruce (*P. alba*). Habit similar to the Norway Spruce; distinguished by its attractive grayish-blue color. A hardy species of quick growth. 12 in. 75c., 15 in. \$1.00, 18 in. \$1.50, 2 ft. \$2.25, 3 ft. \$3.50, 4 ft. \$5.00.

YEW. *Taxus*

Japanese Yew (*T. cuspidata*). Very hardy and desirable; Foliage somewhat broader than that of the English Yew.

12 in. \$2.00, 18 in. \$3.50, 2 ft. \$4.50, 2½ ft. \$6.50.

Dwarf Japanese Yew (*T. brevifolia*). Very hardy; its beautiful dark green foliage is unchanging throughout the year.

12 in. \$2.50, 15 in. \$4.50, 18 in. \$6.00.

Pyramidal Arborvitae

All Evergreens will be balled and burlapped with the soil adherent to the roots. Our prices include boxing and packing.

PERENNIAL PLANTS for September Planting

The size mentioned in the descriptions indicates the approximate height that the plant may be expected to attain at maturity. The months represent the season of bloom.

Prices of Perennials, except where otherwise noted, 30c. each, 6 of the same variety \$1.50, 12 of the same variety \$2.50, 50 or more of the same variety at the rate of \$18.00 per 100. Parcel Post. Perennials may be mailed for an additional 10c. per half dozen, or 15c. per dozen plants.

ACHILLEA ptarmica, "The Pearl." Small, double-white flowers blooming profusely all Summer. 2 ft.
ACONITUM napellus (Monkshood). Dark blue. July to Sept. 3 ft. Each 40c.
fischeri. Dwarf, pale blue flowers. 18 in. September. Each 40c.

ANEMONE japonica. August 1st till frost.
Alba. Flowers pure white. On long stems.
Prinz Heinrich. Dwarf, semi-double, dark red flowers.
Queen Charlotte. Semi-double, light pink in color.
Whirlwind. A semi-double form of *A. alba*.

AQUILEGIA chrysantha.
Long-spurred Varieties. Selected strain, immense flowers.
ARABIS alpina (Rockcress). White flowers in Spring. Dwarf, free flowering, adapted for rock gardens. 6 in.
ARMERIA maritima (Cushion Pink). Deep crimson. 1 ft.
HARDY ASTERS (Michaelmas Daisies). They flower at a time when few hardy plants are in bloom.

Climax. The largest deep blue variety. 4 ft.
Madonna. The best late pure white. 3 ft.
Maggie Perry. Large mauve flowers. Aug., Sept. 3 ft.
novae-angliae. Violet-purple. Sept. and Oct. 4 ft.
novae-angliae roseus. Rosy crimson. Late.
novae-angliae rubra. Deep red. 5 ft.
tataricus. Purple. 6 ft. September and October.
DICENTRA spectabilis (Bleedingheart). Each 75c.
BOLTONIA latissuama. Very showy pink flowers, fine for cutting. Aug. and Sept. 4 to 5 ft.

Campanula (Bluebells)

Carpatica (Harebell). Blue, bell-shaped flowers, borne erect to a height of 9 in. From June to September.
Carpatica alba. Pure white. Fine for borders.
Persicifolia grandiflora. Purple, bell-shaped flowers. June, July; 3 ft.

Hardy Chrysanthemums

Each 30c., 6 of same kind \$1.50, 12 of same kind \$2.50

EARLY FLOWERING

Alice Howell. Orange-yellow.
Border Beauty. Orange, petals tipped with gold.
Carrie. Deep yellow.
Etoile d'Or. Large, yellow.
Glory of Seven Oaks. Large, brilliant yellow.
L'Argentuilaise. Red.
Marie Antoinette. Pink.
Mrs. F. Collier. White; dwarf.

Nina Blick. Golden bronze, changing to yellow; dwarf.
Normandie. Shell-pink.
Oconto. Japanese variety, white; large flowers.
Old Homestead. Pink.
Skibo. Clear yellow.
Source d'Or. Large, orange.
Wells' Scarlet. Terra cotta; dwarf.

HARDY POMPON

Brown Bessie. Mahogany-brown (small button).
Excelsa. Yellow.
Klondike. Deep yellow.

Model. Light yellow.
Niza. Button type, deep pink, early dwarf.
Snowclad. Pure white.

CHRYSANTHEMUM leucanthemum (Shasta Daisy).
CHELONE lyonii (Shellflower). Numerous spikes of large flower heads of purplish-red. Aug., Sept. 2 ft.
COREOPSIS grandiflora. Yellow, with brown center.
lanceolata. Flowers golden yellow and fully 3 in. in diameter. June to frost. Fine for cutting. 2 ft.

Delphinium (Larkspur)

Belladonna. Beautiful, clear blue, with white eye; dwarf habit, free flowering, blooming all Summer.
Chinese album. Pure white. Grows about 3 ft. high.
Formosum. Deep blue with white eye, on long spikes.
DICTAMNUS fraxinella alba (Gasplant). White. 3 ft. June and July. Each 50c., doz. \$5.00.
fraxinella rubra. Rosy-purple. Each 40c.
FUNKIA (Hosta) undulata variegata. Green leaves margined and edged white.
subcordata grandiflora. Large white flowers borne in heads. Foliage green, 18 in. Aug. and Sept. Each 40c.
GAILLARDIA grandiflora. Ray flowers, ranging from red to yellow, dark maroon center. 3 ft. June to frost.

GYPSOPHILA paniculata (Babysbreath). Minute white flowers borne in enormous quantity.
HELENIUM autumnale superbum. Large, yellow flowers, borne in immense panicles. July to Sept. 6 ft.
autumnale rubrum. Terra cotta red.
HELIANTHUS multiflorus (Double Hardy Sunflower). Golden yellow flowers. July and August. 4 ft.
HEMEROCALLIS flava (Lemon Daylily). Fragrant yellow flowers in June. 2 ft.
fulva (Orange Daylily).
HEUCHERA sanguineum (Alum Root). Bright crimson flowers from May to September. Fine for cutting and excellent for rock garden.
HIBISCUS Crimson Eye. Large, showy white flowers with a crimson-purple eye. Aug. and Sept. 6 to 7 ft.
moscheutos albus. White. 3 to 4 ft.
moscheutos roseus. Pink form.
HOLLYHOCK, Single and Double. Pink, red, white, maroon, yellow.

German Iris (Iris Germanica)

"S" represents standards (upper petals), "F" falls (lower petals).
Black Prince. S, purplish-lilac; F, velvety black. 26 in.
Fairy. White, suffused blue. 27 in.
Florentina alba. Large, fragrant white flowers. 2 ft.
Garrick. S, light blue; F, violet-blue. 24 in.
Hiawatha. S, pale lavender; F, royal-purple. 28 in.
James Boyd. Blue and violet.
Mandaliscae. Rich lavender-purple. Tall, early.
Mad. Chereau. White, feathered edges of sky-blue.
Nuee d'Orage. S, slaty-gray; F, bronze and purple. Large flowers. 24 in.
Pauline. S, light blue; F, slightly darker. 26 in.
Powhatan. S, light violet; F, deep purple. 26 in.
Princess Victoria Louise. S, light sulphur yellow; F, rich violet-red, edged creamy white. 27 in.
Queen of May. Soft rose-lilac, almost pink. 32 in.
Violacea grandiflora. S, rich blue; F, violet-blue. 27 in.

Japanese Iris (Iris Kaempferi)

DOUBLE VARIETIES

Each 45c., doz. \$4.50, 100 \$30.00

Gekka-No-Nami. White.
Gold Bound. White, yellow markings.
Harris No. 71. Dark blue.
Koko-No-Iro. Purple, gold center.
Koko-No-Obi. Clear purple, white, purple tipped.
Momiji-No-Taki. Rosy-carmine.
Mahogany. Mahogany-red.
Old Rose. Shade of old rose.
Peacock. Violet-purple.
Pyramid. Deep blue.
Robert Craig. Pale blue.
Templeton. Violet, mottled.
Uchiwa. Cerulean-blue.
No. 23. Purple and gold.
No. 12. Purple veined white.
No. 28. White.

SINGLE VARIETIES

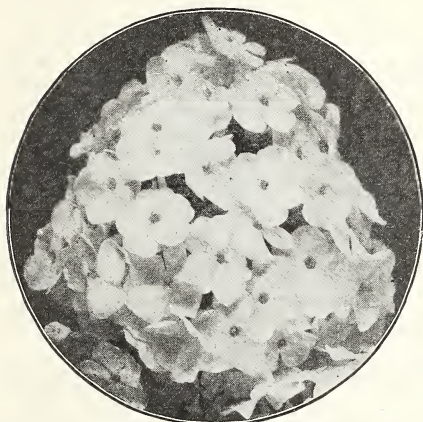

Each 35c., doz. \$3.50, 100 \$22.00

Issa-No-Name. Rosy lilac.
Purple and Gold. Violet-purple.
Zamma-No-Mori. White, pale blue center.
LILY-OF-THE-VALEY. Clumps, each 40c., doz. \$4.00.
LOBELIA cardinalis (Cardinalflower). Long, dense spikes of cardinal-red flowers. Aug. and Sept. 3 to 4 ft.
LUPINUS polyphyllus (Lupine). Deep blue, pea-shaped flowers on long spikes. June to Sept.
polyphyllus albus. Pure white.
MONARDA didyma (Beebalm). Bright scarlet flowers in terminal heads. July to Sept. 2 to 3 ft.
PAPAVER orientale (Oriental Poppy). Large, brilliant scarlet flowers; 3 to 4 ft. May and June.
PLATYCODON grandiflora (Balloonflower). Blue, bell-shaped flowers. July to Sept. 2½ ft.
PHYSOSTEGIA virginica (False Dragonhead).
PYRETHRUM roseum hybridum. Single flowering in shades of pink, lavender and red; mixed colors.
SCABIOSA caucasica. Pale lilac flowers, about 3 in. across, blooming throughout the Summer. 2 ft.
SEDUM spectabile. Rose-colored flowers. Fall. 1 ft.
STOKESIA (laevis) cyanea (Cornflower Aster).
TIRTOMA pitzeri (Red Hot Poker).

PAEONIES

Alba superba. White. 75c.
Albert Crousse. Shell-pink. \$1.00.
Baroness Schroeder. Flesh color. Fragrant. \$1.50.
Boule de Neige. Milk-white. 75c.
Couronne d'Or. White with golden stamens. \$1.00.
Duchesse de Nemours. Sulphur-white; fragrant. 75c.
Felix Crousse. Bright red. \$1.00.

Mme. Loise Mere. Large, full flowers of a delicate flesh pink, center petals edged with crimson. \$1.50.

Marie Lemoine. Pure white with creamy white center, tipped carmine. 75c.
Mme. Ducl. Extra large, globular blooms of a beautiful rose-pink. \$1.00.
Officialis rubra. Old-fashioned deep red. \$1.25.
Perfection. L. Large, bright pink; fragrant. \$1.50.
Roem van Boskoop. White. 75c.
 The following varieties, each 50c., doz. \$5.00.
Carnea elegans. Rosy-pink.
Duchess de Modena. Pink.
Frances Ortegat. Deep red.
Grandiflora rosea. Deep pink.
Jeanne d'Arc. Lilac-rose.
Lord Chalmersford. Pink.
Mme. Levesque. Shell-pink.
Mme. de Verneville. Sulphur-white.
Pio Nono. Carmine-red.
Prince de Salm Dyke. Rose-pink.
Purpurea superba. Deep pink.
Simonne Chevalier. Shell-pink.

Mrs. Jenkins

PERENNIAL PHLOX

Varieties marked (T) grow 3 ft.; (M) grow 2 ft.; (D) grow 1 to 2 ft.
 Each 30c., doz. \$2.50, 100 \$18.00, except as noted.

Annie Cook. T. Flesh-pink.
Astrild. T. Brilliant carmine.
Danton. Bluish lavender, white eye, slightly striped.
Europe. T. White with crimson eye; very large.
Goliath. T. Crimson scarlet.
Hodur. Pink, shaded white.
Lord Raleigh. Purplish magenta.
Miss Lingard. White. Blooms from May to October. Each 35c.

J. H. Slocum. T. Crimson.
Mrs. Jenkins. M. Early white.
Pantheon. T. Light pink.
Peach Blow. M. Pale pink.
Rijnstroom. T. Deep rose.
R. P. Struthers. Purplish salmon.
Sir Edward Landseer. Crimson.
Wanadis. T. Violet with reddish purple eye.
W. C. Egan. M. Soft pink; very large flowering.

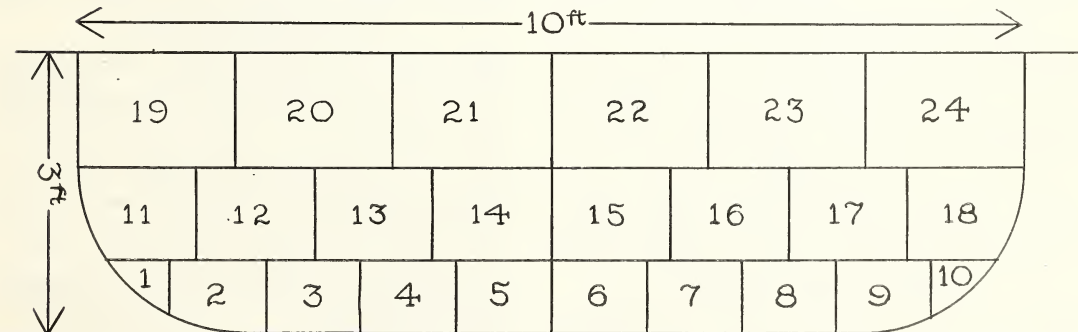

Six Choice Hardy Phloxes

Each 35c., doz. \$3.50

Alpha. Early. The pink Miss Lingard.
Beacon. Best of the scarlets.
B. Comte. French-purple. A fine, dark-flowered variety.
Elizabeth Campbell. Bright salmon with pink center.
Maid Marion. Large, pale lavender.
Special French. Similar to Elizabeth Campbell, but a much stronger grower.
Special Offer: One each of the above 6 varieties, \$1.75 postpaid.

CONTINUOUS FLOWERING COLLECTION OF PERENNIAL PLANTS

(Something in bloom from April until November)

- Key**
 1. Arabis alpina.
 2. Phlox subulata.
 3. Japanese Iris.
 4. Sedum spectabile.
 5. Stokesia.
 6. Fall Chrysanthemums.

- Key**
 7. Platycodon.
 8. Campanula carpatica.
 9. German Iris.
 10. Iberis sempervirens.
 11. Hemerocallis flava.
 12. Phlox, Miss Lingard.

- Key**
 13. Delphinium.
 14. Bleedingheart.
 15. Paeony.
 16. Physostegia.
 17. Phlox.
 18. Anemone japonica.

- Key**
 19. Boltonia latissuama.
 20. Aster Climax.
 21. Hollyhock.
 22. Hibiscus.
 23. Lupine.
 24. Aster tataricus.

This Special Collection of 24 different varieties, postpaid for \$7.50

ORNAMENTAL DECIDUOUS TREES For October Planting

- ASH** 8 to 10 ft. \$1.75, 10 to 12 ft. \$2.50.
- CRAB. Malus**
Bechtel's Double-flowering Crab (*M. ioensis* Bechteli).
2 to 3 ft. \$1.50, 3 to 4 ft. \$2.00.
- DOGWOOD. Cornus**
White Flowering (*C. florida*). 2 to 3 ft. \$1.00.
Red Flowering (*C. florida rubra*). 3 to 4 ft. \$3.50.
- ELM. Ulmus**
American (*U. americana*). 6 to 8 ft. \$1.00, 8 to 10 ft. \$1.50,
10 to 12 ft. \$2.50, 12 to 14 ft. \$3.50.
- HAWTHORN. Crataegus**
Double White (*C. oxyantha alba plena*). Each \$1.50.
Pauls Double Scarlet (*C. oxyantha fl. pl.*) Each \$1.50.
- HORSECHESNUT. Aesculus**
European White. (*A. hippocastanum*).
6 to 8 ft. \$2.50, 8 to 10 ft. \$3.50.
- JUDAS. Cercis**
American (*C. canadensis*). Red bud. 3 to 4 ft. \$1.25.
- LARCH. Larix**
European (*L. europaea*). 3 to 4 ft., \$2.00.
- LINDEN. Tilia**
American (*T. americana*). 8 to 10 ft. \$2.00.
European (*T. vulgaris*). 8 to 10 ft. \$2.50.
- MAIDENHAIR TREE. Ginkgo**
Salisbury (*G. biloba*). 8 to 10 ft. \$2.50, 10 to 12 ft. \$3.50.
- MOUNTAIN ASH. Sorbus**
European (*S. aucuparia*). 3-4 ft. \$1.50, 6-8 ft. \$3.50.
- MULBERRY. Morus**
Tea's Weeping Mulberry (*M. alba pendula*). 2-yr. heads \$4.50.

- MAPLE. Acer**
Norway (*A. platanoides*).
6 to 8 ft. \$2.50, 8 to 10 ft. \$3.50, 10 to 12 ft. \$5.00.
Rock, or Sugar (*A. saccharum*).
6 to 8 ft. \$2.50, 8 to 10 ft. \$3.50, 10 to 12 ft. \$5.00.
- Schwedler** (*A. platanoides* Schwedleri).
5 to 6 ft. \$2.50, 6 to 8 ft. \$3.50.
- Silver** (*A. dasycarpum*).
6 to 8 ft. \$1.25, 8 to 10 ft. \$1.50, 10 to 12 ft. \$2.50.
- Weir's Cut Leaf** (*A. das Weiri*).
5 to 6 ft. \$1.25, 6 to 8 ft. \$1.50, 8 to 10 ft. \$2.50.
- OAK. Quercus**
Pin (*Q. palustris*).
5 to 6 ft. \$1.50, 6 to 8 ft. \$2.25, 8 to 10 ft. \$3.00.
- Red** (*Q. rubra*).
5 to 6 ft. \$1.50, 6 to 8 ft. \$2.25, 8 to 10 ft. \$3.00, 10 to 12 ft. \$3.75.
- Scarlet** (*Q. coccinea*). 6 to 8 ft. \$2.50.
- PURPLE-LEAVED PLUM. Prunus**
Pissardi. 4 to 5 ft. \$1.50.
- POPLAR. Populus**
Carolina (*P. deltoides*). 8 to 10 ft. \$1.00, 10 to 12 ft. \$1.50.
Lombardy (*P. nigra italica*). 5 to 6 ft. 75c., doz. \$7.50.
6 to 8 ft. \$1.00, doz. \$10.00; 8 to 10 ft. \$1.25, doz. \$12.00.
- TULIP. Liriodendron**
Tulip Tree (*L. tulipifera*). 5 to 6 ft. \$1.50.
- WILLOW. Salix**
Golden Bark (*S. vitellina*). 5 to 6 ft. \$1.00.
Laurel-leaved (*S. pentandra*). 5 to 6 ft. \$1.00.
Thurlo's (*S. elegantissima*). 6 to 8 ft. \$1.50.
Wisconsin (*S. blanda*). 6 to 8 ft. \$1.50, 8 to 10 ft. \$2.00.

HARDY ORNAMENTAL SHRUBS

Prices of Shrubs 60c. each, \$6.00 per doz., extra size 75c. each, \$7.50 per doz., except as noted

- ALMOND. Prunus sinensis**
Double Pink. Double rose-colored flowers are borne in great profusion in May. Each 75c.
- BARBERRY. Berberis**
Japanese (*B. thunbergii*). Remarkable for its low, dense, horizontal growth and its bright red berries which it holds throughout the winter. See hedge plants. Each 35c. and 50c.
- BUDDLEIA. Butterfly Bush**
Veitchiana variabilis. Flowers of a pleasing shade of violet-mauve, borne on long, cylindrical spikes.
- CORCHORUS. Kerria**
Kerria japonica. A yellow flowering shrub. In winter its bright green branches form a marked contrast with other shrubs.
- DEUTZIA**
crenata (Single White Deutzia). Showy, white, tinged pink, flowers in close spikes. Vigorous growth.
gracilis. Slender, often arching branches. Low, dense, globular habit; flowers pure white in racemes.
Lemoinei. A vigorous grower and early bloomer; panicles of pure white flowers borne on stout branches.
Pride of Rochester. The flowers are pinkish white. One of the best tall growing varieties.
- DOGWOOD. Cornus**
Red-twigged (*C. alba*). Shrub with erect stem, good clean foliage and bright, blood-red branches.
Silver-leaf. (*C. mas elegantissima*). One of the finest variegated shrubs; slow growing; leaves broadly margined with white. 75c.
- EUONYMUS**
alatus (Winged Burning Bush). A handsome shrub with corky, winged branches. Probably the most conspicuous of the Fall foliage shrubs. 12-18 in. 60c., 18-24 in. 75c.
- FORSYTHIA**
suspensa (Weeping Golden Bell). Long, graceful branches drooping to the ground and covered to the tips with handsome yellow trumpet-shaped flowers in April.
suspensa Fortunei (Golden Bell). One of our best early-flowering shrubs with golden-yellow drooping flowers. Upright habit.
- HONEYSUCKLE. Lonicera**
Japanese Bush (*L. morrowii*). Pure white flowers in May and June, followed by bright red fruits.
Tartarian (*L. tatarica*). Bears a profusion of pink flowers in June.
White Tartarian (*L. tatarica alba*). Similar to the Tartarian, but with large, pure white flowers and crimson fruit.
- HYDRANGEA**
arborescens grandiflora. The clusters of flowers are large, averaging 4 to 5 in. in diameter. Color is pure snow white, blooming at a time when flowers are scarce.
paniculata grandiflora. The well known hardy Hydrangea. Tree form. Each \$1.50.

LILACS

COMMON VARIETIES

- Purple, White, Persian, White Persian.
Villosa (*S. villosa*). Color light pink. Valuable for late blooming.

JAPANESE QUINCE. Cydonia japonica

- A shrub with spreading spiny branches. Glossy leaves; flowers are a deep scarlet, in clusters.

RASPBERRY. Rubus

- Flowering (*R. odoratus*). Pink-purple blossoms 2 in. across, in clusters, which continue to bloom all Summer. Very fragrant.

RHODOTYPOS

- kerrioides. A very ornamental shrub of medium size with handsome foliage and large single white flowers in May. Fruit is black.

SPIRÆA. Spiræa

- S. Bumalda Anthony Waterer. Flowers scarlet-crimson, blooming profusely from June to October.
Bridal Wreath (*S. prunifolia*). One of the best and earliest blooming shrubs. Flowers double white.
St. Peter's Wreath (*S. Vanhouttei*). The finest and most satisfactory of all Spiræas. Arching branches, in June are set from end to end with beautiful white blossoms.

SWEET SCENTED SHRUB.

- Calycanthus floridus (Carolina Allspice). Fine and glossy foliage; pineapple scented, chocolate colored flowers all Summer.

SYMPHORICARPOS

- racemosus (Snowberry). Smooth shrub, with slender branches, usually bending under their load of white, waxy berries, which appear in Autumn.

SYRINGA. Philadelphus

- Golden (*P. coronarius folius aureis*). A graceful variety, with bright yellow foliage.
Mock Orange (*P. coronarius*). Shrub with upright branches; pure white fragrant flowers in June.
Large-flowered Mock Orange (*P. grandiflorus*). A vigorous, upright variety, with large, showy white flowers in June.

VIBURNUM

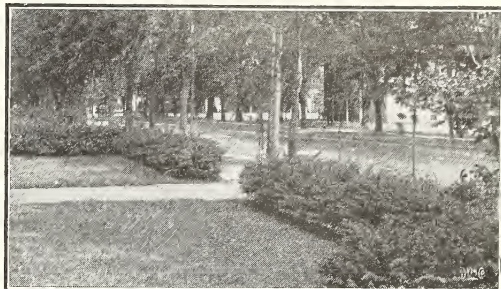

- European High Bush Cranberry, (*V. Opulus*). One of the best shrubs for general planting. Red berries resembling cranberries remain until early Winter.
Snowball (*V. Opulus sterile*). A well-known shrub of large size, producing large, snowball-like flowers in May.

WEIGELA

- Candida. Flowers pure white, vigorous and fine habit.
Eva Rathke. An erect, free flowering variety; flowers brilliant crimson. Blooms more or less all Summer.
Nana variegata. A dwarf form, variegated leaves; flowers pale pink.
Rosea. A strong, symmetrical grower, with good foliage; pink flowers in June.

Eldorado, Rathbun, Snyder.

CURRANTS

Each 35c., doz. \$3.50, except where noted

Cherry, Fay's Prolific.

Perfection. Each 40c., doz. \$4.50.

RASPBERRIES—TRANSPLANTED

Each 20c., doz. \$1.50, 100 \$10.00, except where noted.

Cuthbert, Herbert, St. Regis, Cumberland, Gregg.

Columbian. Each 25c., doz. \$2.00.

Grape Vines

2-yr., each 50c., doz. \$5.00, except where noted

BLACK

Concord, Moore's Early, Worden.

Campbell's Early. Each 75c., doz. \$7.50.

RED

Brighton, Catawba, Delaware.

WHITE

Moore's Diamond, Niagara. Green Mountain. Each 75c.

FERTILIZERS

All Prices are f.o.b. Boston and subject to Market Variations

"WIZARD BRAND" NATURAL MANURES

PULVERIZED SHEEP MANURE. The best, most convenient and economical natural manure. Safe for all particular uses, such as golf course, country club and park lawns, market gardens, etc., in which the introduction of weeds and foreign grasses would be extremely objectionable. It does not fill your lawn with noxious weeds; it is always ready and clean to use, also easy to apply. 2 lbs. 20c., 5 lbs. 40c., 10 lbs. 75c., 25 lbs. \$1.25, 50 lbs. \$2.00, 100 lbs. \$3.25, ¼ ton \$15.00, ½ ton \$28.50, ton \$55.00.

SHREDDED CATTLE MANURE. Gaining tremendously in popularity. A splendid substitute for stable manure in gardens and greenhouses where it is desirable to supply plant food, humus and organic matter. Excellent for composting. 100 lbs. \$3.25, ¼ ton \$15.00, ½ ton \$28.50, ton \$55.00.

PULVERIZED CATTLE MANURE. Valuable for top-dressing lawns, perennial beds and gardens. Especially adapted to mixing with soil for potting all kinds of flowers and bulbs. 100 lbs. \$3.25, ¼ ton \$15.00, ½ ton \$28.50, ton \$55.00.

BOWKER FERTILIZERS

LAWN AND GARDEN DRESSING. Especially for use on lawns, in the home garden and on flower beds. Almost odorless. 10-lb. bag 75c., 25-lb. bag \$1.35, 50-lb. bag \$2.25, 100-lb. bag \$3.75.

ACID PHOSPHATE. 16%. For mixing with other fertilizers. 100-lb. bags only, \$2.25; ¼ ton \$9.25, ½ ton \$17.50, ton \$33.00.

For other brands, see our Spring 1926 catalog.

GROUND BONE, PHOSPHATES, Etc.

PURE BONE MEAL.	5 lbs. 40c.	100 lbs. ¼ ton	\$3.50	\$16.50
CRACKED BONE.	5 lbs. 50c.		5.00	23.00
NITRATE OF SODA.	5 lbs. 50c., 25 lbs. \$1.75		5.50	26.00
DRIED BLOOD.	12 per cent. 25 lbs. \$2.00		7.00	
GROUND TANKAGE.	6-30 per cent.		4.50	19.25
MURIATE OF POTASH.	25 lbs. \$1.50		4.50	20.00

Canada Unleached Hardwood Ashes

Our ashes are rich in lime and potash, and are an unusually fine dressing for all kinds of crops including orchards and small fruits. Analysis, 3 to 5 per cent. potash. Their use tends to intensify the brilliance of most flowers. 100 lbs. \$2.00, ¼ ton \$9.75, ½ ton \$18.50, ton \$35.00.

For fertilizers distinctly for house plants, see page 27

LAND LIMESTONE. For correcting acid soils. Cloth bags 100 lbs. \$1.25, ¼ ton \$5.50, ½ ton \$9.75, ton \$18.00.

"PREMIER" PULVERIZED POULTRY MANURE. Heat treated for weed seeds as are other natural manures. Our experience last Spring confirms our belief in this excellent fertilizer. Try it and convince yourself. 25 lbs. \$1.25, 50 lbs. \$2.00, 100 lbs. \$3.50, ¼ ton \$16.50, ½ ton \$31.00, ton \$60.00.

SPRINGFIELD CARNATION FOOD. A splendid fertilizer for this crop. Only 100-lb. bags \$4.50, ¼ ton \$20.00.

SPRINGFIELD ROSE FOOD. Ideal for Roses, inside or out. 10 lbs. \$1.00, 25 lbs. \$2.00, 100 lbs. \$5.00.

IMPORTED FERTILIZERS

CLAY'S FERTILIZER. Highly recommended for flowers, fruits and vegetables. 7 lbs. \$1.25, 14 lbs. \$2.25, 28 lbs. \$4.00, 56 lbs. \$7.50, 112 lbs. \$14.00.

THOMSON'S SPECIAL CHRYSANTHEMUM MANURE. 56 lbs. \$7.00.

THOMSON'S VINE, PLANT AND VEGETABLE MANURE. 7 lbs. \$1.50.

SCOTCH SOOT. Original bags, about 125 lbs. each, 7c. per lb.

INSECTICIDES AND FUNGICIDES

Liquids and Poisons marked (*) are not available. Other Insecticides and Fungicides may be sent at Parcel Post rates if you remit the Postage with your order. NOTE: All prices are subject to change. See our Spring 1926 catalog for other kinds.

ANT DESTROYER. ¼ lb. 30c., ½ lb. 45c., 5 lbs. \$2.50.

***APHINE.** Gill 25c., ½ pt. 40c., pt. 65c., qt. \$1.00, gal. \$3.00.

TREE HEALING PAINT. Qt. 60c., gal. \$1.00.

***VERMINE.** Gill 25c., ½ pt. 40c., pt. 65c., qt. \$1.00, gal. \$3.00.

USE CLIMAX LAWN SAND FOR WEEDY LAWNS

This remarkable preparation, when applied to weedy lawns, will adhere to the rough, hairy leaves of Dandelions, Plantains, etc., and by absorbing therefrom all the sap, destroy them beyond recovery. It acts as a valuable fertilizer. The most weedy and impoverished lawn will show a remarkable improvement after a single application.

When to Apply. Select a bright day when the weather seems settled for at least 24 hours. The weeds should be exposed to the direct rays of the sun for three or four hours after application. Stubborn weeds like Plantain, Dandelion and Dock should have a pinch applied directly in the crown of each.

3½ lbs. 75c.; 7 lbs. \$1.25; 14 lbs. \$2.00; 28 lbs. \$3.50; 56 lbs. \$6.00. Postage extra.

CLAY FLOWER POTS AND SAUCERS

Pots, Standard Clay Flower. Measurements from inside to inside. Width and depth equal.

WHEELBARROWS.

Best quality. Large and roomy. Wood wheels. No. 4, \$8.00; No. 5..... 8.50

LEAF RACK FOR WHEELBARROW.

The new device for collecting weeds and litter which fits on any wheelbarrow. It is made of galvanized wire. Capacity 10 bus. 10.50

Supplies for Indoor Bulb Culture and House Plants

We will mail any of the following that we can, provided postage is remitted with the order. See Parcel Post rates for mailing.

BULB BOWLS, Niloak (Illustrated). A new and beautiful product from the Ozarks, in the natural shades of the colorful clays found only in that region. Each is different, distinctive, and individual in beautiful blends of reds, blues, browns and creams, which accounts for the wonderful popularity of this ware, so highly prized. You will be surprised and charmed with the beauty of these bowls. Glazed inside to waterproof. Use with a flower block out of the bulb season, for cut flowers.

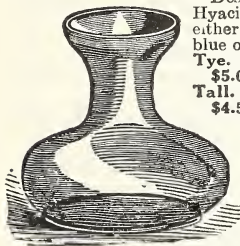

No.	Opening	P.P.Wt.	
123	4 1/2 in.	2 lbs.	\$3.00
124	6 in.	4 lbs.	4.00
6	4 1/2 in.	2 lbs.	2.25
8	6 1/2 in.	5 lbs.	4.00
10	8 1/2 in.	5 lbs.	5.50

Zane. These fancy bowls are hard fired and are cupped so beautifully as to be perfectly adapted to bulb culture either to hold water and pebbles or bulb fiber. Must be seen to be appreciated.

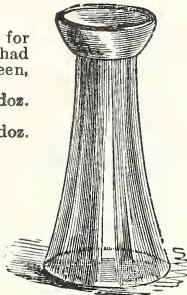

No. 25.	3 1/2 in. opening, yellow or green; holds a single bulb. P.P. Wt. 1 lb.	.30
No. 683.	5 in. opening, handsome wine red, holds three bulbs. P.P. Wt. 3 lbs.	.75

HYACINTH GLASSES (Unmailable)

Designed especially for Hyacinths. Can be had either in crystal, green, blue or amber.
Tye. Each 50c., doz. \$5.00.
Tall. Each 45c., doz. \$4.50.

Not less than 6 of a shape at the dozen rate.

PLANT FOOD FOR HOUSE PLANTS

Bone Meal. The safest fertilizer for all bulbs. Mix about three pounds per bushel of soil. If outside, use two ounces per square yard of surface. Ours is the pure bone, finely ground. 5 lbs. 40c., 10 lbs. 75c., 25 lbs. \$1.25, 50 lbs. \$2.00, 100 lbs. \$3.50.

Fertiflora. A favorite liquid fertilizer for potted plants. No stronger solution can be safely used. Dilute 1 teaspoonful to each quart of water. Full directions on bottle.

8-oz. bottle 35c., 6 bottles for \$1.80, unmailable

Sheep Manure (Pulverized). A most nutritious natural fertilizer. Apply a weak solution once a week. Very beneficial when used while buds are developing. If used in potting soil, mix one part with six parts of loam.

2 lbs. 20c., 5 lbs. 40c., 25 lbs. \$1.25, 50 lbs. \$2.00 100 lbs. \$3.25.

Stim-U-Plant. An all-the-year powerful and odorless fertilizer for every plant that grows. Packages of highly concentrated tablets, each neatly wrapped in paraffined paper for protection. A trial will convince of its merit.

30 tablets 30c., 100 tablets 75c., 1000 tablets, \$3.50, postpaid.

Grow Paperwhite bulbs in fancy bowls with water and supported by pebbles. It is a cleanly and satisfactory way. The illustration shows how nicely the roots start in a very short time.

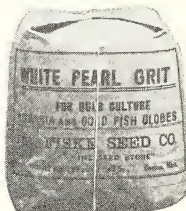

POTTING MATERIALS

Leafmold. Very essential for growing plants.

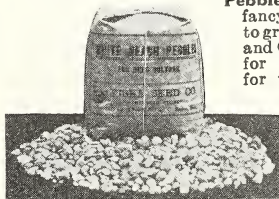

1/2 pk. 30c., pk. 50c., bus. \$1.75, bag \$3.00.

Peat Moss (G. P. M.) The imported peat often mixed with oyster shell to add stability, charcoal to keep the water sweet and fertilizer, and sold as **Prepared Bulb Fiber** at Qt. 15c., pk. 75c., bus. \$2.50. The original moss in bales, without anything added, makes an ideal medium for the propagating bench. Florists are coming to use quantities of it. Amateurs are finding it a wonderful mulch for everything in the garden, being especially adapted to Roses, Rhododendrons and Azaleas. Original bales, weighing about 185 lbs. \$4.00 each, 10 bales, \$36.00.

Pearl Grit. Beautiful pearl chips, polished and glistening, free from dirt. Prepared especially for Bulb culture in fancy dishes. Exceedingly attractive in glass bowls and in strong demand for goldfish globes and aquaria. Very effective when spread on greenhouse benches. Lb. 15c., 5 lbs. 65c., postpaid anywhere in New England, 25 lbs. \$2.50, 50 lbs. \$4.50, 100 lbs. \$8.00, by express.

Pebbles. White, for use in glass or fancy bowls as a medium in which to grow bulbs, especially Paperwhites and Chinese Lilies. Can also be used for drainage when potting plants for the Winter. Qt. 15c., 15 lbs. 50c., 25 lbs. 75c., 100 lbs. \$2.00.

Potting Soil. Light, sufficiently rich for all kinds of pot plants. 1/2 pk. 25c., pk. 40c., bus. \$1.25, bbl. \$3.00.

Rotted Fibrous Peat. This has become thoroughly rotted and is invaluable for potting plants.

1/2 pk. 30c., pk. 50c., bus. \$1.75, bbl. \$4.00.

Silver Sand. For mixing with potting soil and for propagating. Pk. 50c., bus. \$1.50.

POP CORN

An appetizing delicacy for a Winter's evening, a splendid food at any time. Eat more of it—it's healthful.

The United States Department of Agriculture maintains that Pop Corn, properly prepared, is superior to many breakfast foods, being rich in heat or energy units, one pound of Pop Corn containing double those of round steak and six times those of a pound of milk. Physicians claim that Pop Corn is an aid to digestion, an excellent conditioner or eliminant, acting in much the same way as bran.

Keep unpopped Corn in a cool, moist place, as it is the moisture in the kernels that makes them pop. A cool basement is a good place, or even a refrigerator. Should the kernels become dry, sprinkle lightly with salt water (say 1 tablespoon of salt to a pint of water) to restore their popping qualities. We aim to have all our Corn in A-1 condition when sold.

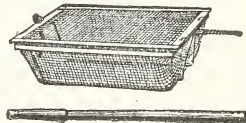

Queen's Golden. Pops large and crisp—a rich cream white. A favorite with many.

White Rice. The old favorite, popping pure white. Lb. 15c., 5 lbs. 65c., 25 lbs. \$3.00.

Red Rice. Usually shows dark hulls, otherwise pure white. Quantity limited. Lb. 20c., 5 lbs. 90c., 25 lbs. \$4.00.

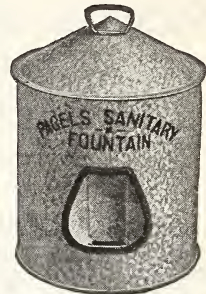

Corn Poppers. Strong and well made. Nicely tinned. Wood handle. Holds 2 qts. Postpaid, 45c.

SPECIAL OFFER: Popper, as illustrated, and 1 lb. Queen's Golden Corn only. Postpaid, 55c.

BIRCH BARK BIRD HOUSES

Protect the wild birds and enjoy them. They are fascinating and will be friendly if conditions for them are favorable. Many wild birds will build in your neighborhood if you provide suitable nesting places for them. Some will stay with you all Winter. House and feed them. They will more than repay for their keep by destroying many harmful insects.

Birds will like these practical, interesting houses and shelters made for them by a North Wisconsin woodsman who has studied their habits. These bird houses are beautiful—unique and effective. Strongly made and covered neatly with the white canoe-birch bark made famous by the Indians. Bound with supple willow. You, too, will be pleased with their handsome appearance. Ideal for home or camp. Set them up this Fall, for birds more readily enter weather-beaten houses.

Book on Wild Birds

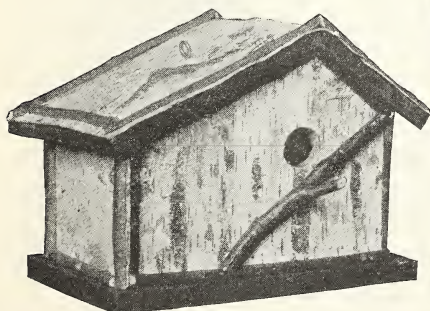

"The Sport of Bird-Study," Herbert J. Job—contains an interesting and readable account of the habits and haunts of all the more common varieties of wild birds in the United States. Illustrated with 132 photographs from life by the author. \$2.50, postpaid.

Berried Shrubs

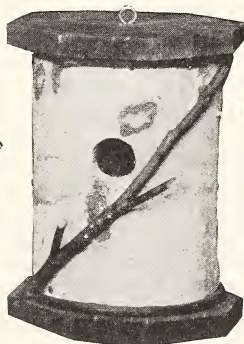

ATTRACTIVE TO BIRDS

There are many ways of attracting birds, but one with a strong appeal, no doubt, is the planting of berry-bearing shrubs, shrubs that not only give *you* a source of satisfaction because of their beauty during the growing season, but that provide food for the birds. Then too, some of our customers may not know what charm is to be found in berries that remain on their branches well into the Winter.

	Each

SOW FLOWER SEEDS THIS FALL

Calliopsis

Let's follow the system Nature uses and sow some flower seeds this Fall, for seeds dropped from the parent plant will lie dormant in the ground until early Spring. They then germinate and begin root systems long before we can prepare the soil for planting at that season. This means stronger plants, a prolonged flowering season, and because of the earlier blooms, greater satisfaction.

Few people practice this method, yet it is a fact that many of our favorite annuals like Alyssum, Candytuft, Cosmos, Annual Larkspur, French Marigolds, etc., are superior when treated this way, even here in our varied New England climate. We recommend that you try this scheme. It's not new. Its only requisite is that the ground be prepared and the seed sown in October, November or even December where you want the plants to grow next season. Mark the spots with some of our wooden labels, for one's memory is so short. If we can aid our customers further regarding this, we shall be pleased to have them write us.

May we recommend the following as worthy of planting in this way? For more complete descriptions, see our Spring Seed Annual.

- | No. | Pkt. | No. | Pkt. |
|--|--|---|--|
| ALYSSUM, SWEET. H. A. One of the best known annuals used for borders. | | ESCHSCHOLTZIA. A. (California Poppy). Very effective in their different shades of white and yellow. | |

FLOWER SEEDS FOR THE GREENHOUSE

As many of our customers know, we enjoy a large and growing trade in flower seeds, especially suitable for florists' uses, including the finest strains of **Snapdragon**, **Cineraria**, **Cyclamen**, **Primula**, **Winter-flowering Sweet Peas** and **Stocks** for inside culture.

Of all of these we have special strains produced by the foremost specialists in this country and Europe. Most of these are offered to the retail trade and varieties and descriptions will be found in our Spring Seed Annual (space does not permit us to list them here), a copy of which will gladly be mailed on request. To those who wish special varieties, stocks of which perhaps are not as plentiful as to allow us to list, we shall gladly quote on request.

N. B. ANTIRRHINUM (Snapdragon) **Hunt's Geneva Pink.** Endorsed everywhere as the leading rose-pink. Suitable for conservatory or outdoor planting. Pkt. \$2.00.

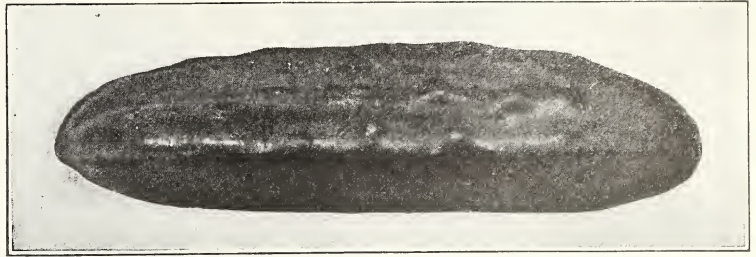

VEGETABLE SEEDS FOR FALL SOWING OR FORCING

IMPROVED HITTINGER GREENHOUSE SEEDER. An excellent seeder for sowing Radish and Beets in beds in greenhouse. **\$12.00.**

FORCING CUCUMBERS

RAWSON'S HOTHOUSE. The finest strain for forcing in existence. An improvement on Rawson's White Spine, the fruit being 2 in. longer and darker green in color, a result attained by years of selection. We receive many complimentary letters on its excellence.
Pkt. 25c., ½ oz. 50c., oz. 90c., ¼ lb. \$2.50, lb. \$8.00.

FORCING BEAN (Green Podded)

MASTERPIECE. A fine English sort, a quick grower and prolific. Pods are of good length, tender, meaty and stringless. Very desirable for growing under glass.
Pkt. 25c., lb. 85c., 2 lbs. \$1.50.

LETTUCE FOR FORCING

GRAND RAPIDS. A leading forcing variety, being of quick growth, hardy and remaining in condition several days after being fit to cut.

Pkt. 10c., oz. 40c., ¼ lb. \$1.00.

HITTINGER'S BELMONT. An excellent forcing variety, dark green leaves and almost a sure header. One of the largest plain leaf heading varieties.

Pkt. 10c., ½ oz. 25c., oz. 40c., ¼ lb. \$1.25.

HITTINGER'S BELMONT (Special Private Strain). Grown by one of the leading market gardeners in this vicinity from his private stock. Supply limited.

Pkt. 15c., ½ oz. 40c., oz. 75c., ¼ lb. \$2.00.

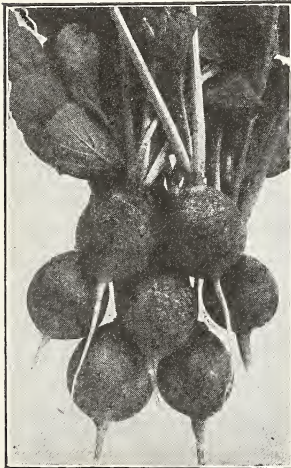

HOTHOUSE LETTUCE. The largest plain leaf Lettuce. Especially adapted for growing in the greenhouse or hotbed.

Pkt. 10c., ½ oz. 25c., oz. 40c., ¼ lb. \$1.25.

EGYPTIAN, or PERENNIAL TREE ONION SETS

Lovers of early green Onions will enjoy them if these sets are planted 3 to 4 in. deep this Fall. The young sets grow on the top of the stalks in umbels. Should be separated and planted in August or September. They are perfectly hardy. Delivery in August and later only.

½ lb. 20c., lb. 30c., 4 lbs. \$1.00, 8 lbs. \$2.00.

ENGLISH FRAME VARIETY

T E L E - GRAPH. We have not seen the equal of this strain of Cucumber. Fruit 20 in. long.
Pkt. 50c.

RADISH

EARLY SCARLET GLOBE. As a forcing Radish this is at the head of the list, being the best shape, brightest scarlet, most uniform and short top. Tender, crisp and early.

Pkt. 10c., oz. 25c., ¼ lb. 60c., lb. \$1.50.

CRIMSON GIANT FORCING. Will grow a medium size as quickly as any; it also remains crisp, firm and solid until double the size of others. Also a splendid outdoor sort.

Pkt. 10c., oz. 25c., ¼ lb. 60c., lb. \$1.50.

SPINACH FOR FALL PLANTING OUTSIDE

Oz. 15c., ¼ lb. 30c., lb. \$1.00.

ALL SEASON. A superb variety for planting in rotation. It does not run to seed as readily as the early varieties. The leaves are thick and tender, and quite crumpled.

ROUND CRUMPLED LEAF. The market gardener's favorite, for either Fall or Spring sowing. Produces large, thick, dark green leaves, somewhat crumpled, and has the quality of standing a long time. Our strain of this superb Spinach is unexcelled, and perfectly hardy.

SAVOY LEAF, BLOOMSDALE. Very hardy, exceedingly popular. Productive, tender and excellent quality.

TOMATOES FOR UNDER GLASS

COMET. A favorite for forcing; just the size wanted, in a rich, scarlet red. Fruits very smooth, round and set in bunches in great abundance.

Pkt. 15c., ½ oz. 40c., oz. 75c., ¼ lb. \$2.50.

SUNRISE (Early and Prolific). It is one of the finest Tomatoes for indoor and outdoor culture. As it grows in clusters and sets freely it is an immense cropper, bearing its heavy bunches at short intervals all over the plant. Fruits smooth, of good form and size, very solid and producing almost no seed. Valuable for market purposes, especially for indoor growing.

Pkt. 15c., ½ oz. 60c., oz. \$1.00, ¼ lb. \$3.50.

Grains and Grasses

FOR FALL PLANTING

Prices subject to change without notice. Bags extra at cost.

Grass Mixtures for Permanent Mowing

Though many farmers so rotate their crops that permanency is not of great consideration, there are always locations that must remain permanent meadows. It is a known fact that failure is practically impossible when a mixture of grasses is sown. The crops will also be larger and more satisfactory when kinds are used that ripen together, hence our belief in the desirability of the following mixtures: (40 lbs. per acre.)

For medium soil, 40 lbs.	\$15.00
For dry soil, 40 lbs.	14.00
For heavy, moist land, 40 lbs.	17.00

Grass Mixtures for Permanent Pastures

These mixtures are composed of grasses that give a succession of rich pasturage from early Spring to late Fall. The formula for each has been prepared carefully, and we recommend it as being as correct as possible for the situation described. 40 lbs. will sow an acre.

For medium soil, 40 lbs.	\$18.00
For dry soil, 40 lbs.	20.00
For heavy, moist land, 40 lbs.	16.00

Hints on Sowing.—Carefully prepare land. Pains taken before sowing will be amply repaid. Select a clear, calm day for sowing. Scatter the seed across the field in both directions to secure a more even distribution. Use a Cyclone seeder if sowing large areas. **Each \$2.50.** Its cost will be quickly saved. Sow as far in advance of frost as practicable. Remember that Clover seed is much heavier than other kinds of grass seed and will settle to the bottom in any mixture. If not carefully remixed before sowing it will be patchy. We recommend sowing 10 lbs. mixed Clover seed per acre in the Spring, while the ground is honeycombed by frost.

Mushroom Spawn

Ten bricks will spawn
10 feet square.

Lambert's Spore Culture Spawn. Produced under the new, selective method, is received absolutely fresh at frequent intervals from the manufacturer. This Spawn will produce Mushrooms, of a specific variety, selected with special reference to their size, color and prolificness, to the exclusion of other and inferior fungi. It absolutely eliminates all danger of raising poisonous Mushrooms. We keep on hand the brown and pure white varieties. Each brick weighs from 1½ to 1¾ lbs., and will spawn 10 square feet of beds. Standard bricks are inoculated from a pure culture transfer.

Per standard brick 40c., postpaid 45c.; 5 bricks by express \$2.00, 10 bricks \$3.50.

Magnifying Thermometers, (Wilder's). For Mushroom beds or hothouses. Mercury tube, black oxydized scale, white figures and graduations. Turned wood back and handle. 17 inches long. Brass point. None better. P.P. Wt. 2 lbs. **\$3.00.**

FRANKLIN PARK LAWN SEED

TRADE MARK REGISTERED

How to Build a Lawn

After spading and raking to thoroughly pulverize your soil and to free it from rubbish, cover with topsoil if you wish. Broadcast "**WIZARD BRAND**" Pulverized Sheep Manure at the rate of 100 lbs. to every 3000 square feet. We sell it and thoroughly recommend it. Then level and sow **Franklin Park Lawn Seed** in all sunny situations, *Shady Spot* elsewhere, at the rate of 1 lb. to every 500 to 600 square feet. Make sure you broadcast it evenly. (A Cyclone Seeder will save seed, time and patience on large areas). Roll, if not sticky, with a water weight roller to settle the seed uniformly and make the lawn smoother and more presentable. On small spaces simply raking will answer. We advise watering at night or early morning—not when the sun shines. Cut the grass frequently with a sharp lawn mower after it first gets about 3 inches high.

THE BEST SEED MAKES BEST LAWNS

Like the frame to a perfect picture, a well kept lawn with thick velvety sod is to the home. It adds the final touch of beauty to the grounds, whether they be large or small. We know of nothing that will enhance the value of any piece of property more than a beautiful stretch of well kept lawn. **Make the most of it.** The surest way that we know to produce the desired effect is by the use of **Franklin Park Lawn Seed.**

When one considers that a lawn is a permanent feature of a home, it is folly to choose anything but the best lawn seed. **We believe Franklin Park Lawn Seed is the best.** The saving from using inferior seed will be but a few cents. Insist on the best.

Franklin Park Lawn Seed has been a familiar name to parks, cemeteries, private estates and home owners for half a century. It is becoming more popular each year. Our customers have come to know that it stands for all that is best in lawn seed. It will produce a beautiful and enduring turf. You don't have to keep off the grass where this seed grows.

Only the finest grades of re-cleaned seeds enter into this mixture of ours. It contains no chaff seed, so that each pound contains the greatest number of live, pure seeds of kinds properly blended. It is sure to give satisfaction. It is the best value at any price. We recommend **Franklin Park Lawn Seed** to the discriminating buyer.

Quantity required for new lawns: 1 lb. (1 qt.) for 500 sq. ft.; 4 lbs. (½ pk.) 2400 sq. ft.; 8 lbs. (1 pk.) 5000 sq. ft.; 32 lbs. (1 bu.) 20,000 sq. ft.; 64 lbs. (2 bu.) one acre.

Prices: ½ lb. 40c., 1 lb. 75c., 4 lbs. \$3.00, 8 lbs. \$6.00, 16 lbs. \$11.00, 32 lbs. \$21.00, 100 lbs. \$60.00.

✉ Mailed free only at ½ lb., 1 lb., 2 lb., 4 lb., and 8 lb. prices. Purchaser pays transportation at other prices.

FISKE'S SHADY SPOT LAWN SEED

There's nothing better for sowing on the north side of buildings, between houses, or under shade trees.

On grounds where it seems as though nothing can be grown, spots shaded by large trees or by buildings, we recommend our **Shady Spot Lawn Seed.**

It is always advisable for those who are seeding down such shady places to supply new soil, if possible, especially if large trees are producing the shade, as their roots spread so fast as to quickly exhaust its nourishment. When unable to supply this, the ground should be well dug over and tree roots taken out. In most shady places the soil has a tendency to be sour, and we strongly recommend the use of land lime (about 50 lbs. to 1000 square feet) to sweeten it. Fertilize as for Franklin Park Lawn Seed in sunny places.

Our **Shady Spot Lawn Seed** is blended from the best grasses possible to obtain for this purpose, only those that grow and flourish under shady conditions in their natural and wild state being used.

Fiske's Shady Spot Lawn Seed, if sown in these places, will undoubtedly grow and produce satisfactory results.

Prices: ½ lb. 35c., 1 lb. 60c., 5 lbs. \$2.50, 10 lbs. \$5.00, 25 lbs. \$12.00, 50 lbs. \$23.00, 100 lbs. \$45.00.

✉ Mailed free only at ½ lb. and 1 lb. prices. Purchaser pays transportation at other prices.
